

Immunization Requirements 2011 - 2012

It is the responsibility of the parent/legal guardian to present proof of having met the legal requirement for immunizations or a completed exemption form to the student's new school at the time of registration.

The school is not responsible for requesting immunization records from the student's previous school and, therefore, will not send for student immunization records for the purpose of registration.

Grades 6 thru 11

DTaP/DPT/Td	5 doses	(4 acceptable if 4 th dose given on or after 4 th birthday) (See footnote on card if <3 injections at enrollment) *No Pertussis required if > 7 yrs and < 10yrs old
