ADMINISTRATIVE EMPLOYEES COMPENSATION PROGRAM

OVERVIEW OF COMPENSATION ADVISORY COUNCIL

The Compensation Program

As developed, includes salary ranges, position evaluation, base salary compensation, fringe benefits and reference to timing as it pertains to the annual compensation cycle. The plan is designed to provide equitable compensation for contributions made toward achieving Board Ends. It includes position evaluation, which is based on market analyses as well as compensable factors that determine the contribution/value of specific positions, and the importance the district ascribes to a position's role in the achievement of Board Ends.

Administrative Compensation Advisory Council – Purpose

To provide the Superintendent a carefully researched and studied recommended compensation package proposal for members of the administrative employee team, and to assure that stipulated procedures for position evaluation in the administrative employee area have been followed. This purpose is achieved through working with the Human Resources Department and appropriate outside compensation consultants.

Membership

The council consists of six administrative employee team members. New members are appointed as those leaving the council are replaced. The composition of the council is as follows:

- Elementary Principals and Asst. Principals 1
- Middle School, Alternative HS and K-8 Principals and Asst. Principals 1
- High School and Technical School Principals and Asst. Principals 1
- Executive Directors, Directors, Asst. Directors and Managers* 1
- Certified and IT Administrative 1
- Non-Certified Administrative 1

*Placement on the list will be determined by job function as well as title.

The Superintendent or his/her designee shall serve ex officio. Each member has the obligation to seek input from his/her group and to keep them informed of actions of the council. Each individual council member will act as the liaison from his/her representative group to the council. Communication will flow in both directions and team members will gather input prior to revision of the administrative compensation program handbook.

Council Meetings

Meetings will be held on a regular basis, as determined by the Chief Human Resource Officer. Four members are required for a quorum.

Human Resources will provide a recorder for meetings.

ADMINISTRATIVE EMPLOYEES COMPENSATION PROGRAM

Officers

In the event the council members wish to discuss issues or vote out of the presence of the Chief Human Resource Officer, a chairperson will be elected and will conduct proceedings during the absence of the Chief Human Resource Officer.

Meeting Agenda Items

Agenda items may be submitted by any member of the council or the Chief Human Resource Officer or his/her designee. Agenda items must be within the realm of operation of the council. Minutes shall be taken at each meeting by a recorder provided by Human Resources. The recorder will prepare the minutes and, after review by the Chief Human Resource Officer, disseminate them to the council members and the Chief Human Resource Officer.

ADMINISTRATIVE EMPLOYEES COMPENSATION PROGRAM

PAY PHILOSOPHY

As an administrative team, we have a leadership role for implementing the district goals, priorities and strategies and, as such, are held accountable for achievement of Board Ends. Consequently, the administrative compensation package should reflect the responsibility and accountability that are inherent in a position.

The pay philosophy should allow for differentiated salary ranges that are based on market analyses, compensable factors that determine the contribution/value of specific positions, and the importance the district ascribes to a position's role in the achievement of Board Ends.

The compensation plan should be clearly defined and drive a design that includes the following components:

- Salary – defined as payment for the performance of assigned duties as identified in the current job description. Salary ranges for each position are identified in the Pay Ranges for Administrative Positions document.
- Benefits – Defined as additional compensation received by the employee in the form of health/dental/vision/life insurance, short-term disability, long-term disability, and professional development allowance.
- Capital Accumulation – Defined as additional compensation made available to an employee, if eligible, after he/she leaves the district, for example: temporary leave pay, vacation pay and PERA. As well, additional compensation an employee may receive during the period of employment, for example, Administrators Longevity Program, will apply.

The pay philosophy supports a compensation package that is updated, redefined and implemented as indicated by review of and reference to defined comparative markets.

The development of the compensation plan should include appropriate consideration of components of compensation packages available to other employee groups.

The pay philosophy shall be guided by the district's obligation to be fiscally responsible (Ability to Pay) on an annual basis and future forecasting.

ADMINISTRATIVE EMPLOYEES COMPENSATION PROGRAM

SALARY RANGES

Each administrative employee position, through the position evaluation process, will be placed in one of the salary ranges.

Salary Plan

The most recent version of the salary plan for administrative employees can be accessed at the Adams 12 Five Star Schools website, under Careers / Job Descriptions / Administrative / Administrative Salary Schedule.

Range Determination

The ranges have been developed by market comparison using the following Colorado school districts to define the market: Aurora, Boulder Valley, Cherry Creek, Douglas County, Jefferson County and St. Vrain. As appropriate, public school districts in adjoining states and/or the Western region of the country, the city and county governments in five surrounding counties, and private sector entities within the same counties are also compared.

Range Revision

Ranges will be reviewed periodically. Human Resources will coordinate the range revision process on an annual basis for review by the Administrative Compensation Advisory Council and approval by the Superintendent.

Movement Between Ranges

Movement between ranges may occur as a result of promotion, demotion, reclassification, market adjustment, internal equity, or new position classification. All changes will be effective the first of the month following receipt of completed paperwork in Human Resources.

- Promotion – Movement from one position to another position in a higher classification is considered a promotion. Any change in compensation will be approved by the Chief Human Resource Officer and communicated at the time the position is offered. Salary determination will be reviewed by the Superintendent when appropriate.
- Demotion – Movement from one job to another in a lower classification is considered a demotion. Any change in compensation will be approved by the Chief Human Resource Officer and the Superintendent and communicated at the time such demotion occurs.
- Reclassification – A change of position range assignment, upward or downward, through the process of reclassification, market adjustment or internal equity adjustment will be approved by the Chief Human Resource Officer. Any change in compensation will be recommended by the Chief Human Resource Officer with final approval by the Superintendent.

ADMINISTRATIVE EMPLOYEES COMPENSATION PROGRAM

- New Position Classification – Assigning classification to a newly established administrative employee position.

Classification will be recommended by Human Resources (Compensation Administrator) and an outside compensation consultant with review by the Chief Human Resource Officer and approval by the Superintendent. All classifications will be periodically reviewed with the Administrative Compensation Advisory Council.

Progression Through Salary Ranges

The Administrative Salary Plan defines salary levels and ranges. Movement through the applicable range is defined through the Minimum-Midpoint-Maximum guideline chart below. This program defines movement so that an administrator in the same position for twelve years would be at the maximum pay for their level and position. The guidelines operate similar to a “Step Plan” however instead of specific steps, the guidelines will indicate placement based on a percentile breakdown within the pay grade and applicable years of district service within the current position held. This process will be analyzed annually, however implementation is subject to available funding and takes into consideration internal equity.

	<u>MIN</u>	<u>15%tile</u>	<u>25%tile</u>	<u>40%tile</u>	<u>MID</u>	<u>60%tile</u>	<u>75%tile</u>	<u>90%tile</u>	<u>MAX</u>
No. of yrs	0-1	1	2-4	5	6	7	8 – 10	11	12

Due to unique circumstances, some individuals may be temporarily paid outside of the posted range.

ADMINISTRATIVE EMPLOYEES COMPENSATION PROGRAM

POSITION EVALUATION

Position evaluation is determined through the use of market analysis and compensable factors. A compensable factor is a measurement of the contribution for which a position is paid. It is found in every job, to some degree, and places a value on the job or position. It does not place a value on the person in the position, but is limited only to valuing the job or the position. The compensable factors are: essential functions, education, experience requirements, required/preferred certifications, supervisory/management responsibilities, communications and contacts, and reference to any unique working conditions. The Superintendent has the authority to make final adjustments regarding position evaluation recommendations.

Classification of a New or Substantially Changed Position

When the district determines the need to establish or substantially change a position, the appropriate department leader will furnish the necessary data as follows:

- Rationale for classification
- Job description questionnaire
- Letter of support from supervisor/monitor
- Other supporting documentation as may be required and/or appropriate

Additional information may be provided by the Chief Human Resource Officer. This information will include market information about comparable positions in other districts.

A recommendation will be submitted to the Superintendent from the Chief Human Resource Officer regarding the classification with an explanation for the recommendation.

Process for Reclassification of Administrative Positions

The process for reclassification will be conducted annually by the Human Resources Department. Outlined below are the steps for the reclassification process.

1. Human Resources will conduct a market analysis of all benchmark positions and will recommend adjustments to both individual positions and salary ranges. On alternate years but no less than every third year a market analysis will be obtained on non-benchmark positions also with recommendations for changes to those positions falling much higher or lower than market. (Completing this activity is subject to annual funding.)
2. The Superintendent, with the assistance of Human Resources, will make a recommendation regarding the reclassification. The supervisor will be notified by Human Resources of the status of the request for reclassification.
3. Reclassification, if approved, will be reflected in the new contract, salary calculation, and the published salary ranges.

ADMINISTRATIVE EMPLOYEES COMPENSATION PROGRAM

COMPENSATION

Cost of Living Adjustment (COLA)

All administrative employees shall receive an increment at the beginning of each compensation year, subject to specific Superintendent approval and available funding. The Compensation Advisory Council will have the opportunity to present information to the Superintendent relative to such COLA. Staff whose current salary is at the end of the respective range for the position held will not receive the COLA.

Base Salary Compensation

Base salary determination – The base salary is the prior year’s salary plus applicable COLA. Base salary will be used to compute any increases in the subsequent year (see exception below).

Changes in base salary – Changes in the base salary compensation may be made when an increase or decrease is directed by the Superintendent. Occasionally, the Superintendent may direct changes made in base salary to either place an employee within the range of the position which he/she holds, to adjust the comparability/marketability of a group of positions within a range, to adjust individual salaries to maintain internal equity, or to adjust the individual salary for unique demands of the position.

Base salary compensation payment – Base salary compensation will be paid in monthly installments. The base salary is computed on a number of days assigned to work during the salary term.

Base salary percentage – The base salary compensation will consist of 100% of the increase allocated for the individual administrative employee salaries for a given term.

Work Year

The work year for “9-month” employees shall be 184 days. The work year for “10-month” employees shall be 209 days. The work year for “11-month” employees shall be 224 days. These are the actual designated work days including professional growth/improvement days.

The work year for “12-month” employees shall consist of 260 days, including vacation and holidays. They shall engage in professional growth/improvement activities during their work year.

Implementation

The administrative employee compensation program shall be based on a July 1 through June 30 cycle. Base salary compensation and other appropriate compensations will be revised as of July 1 each year, and distributed as stated above under “Base Salary Compensation”.

ADMINISTRATIVE EMPLOYEES COMPENSATION PROGRAM

INSURANCE BENEFITS

The following benefits are part of the total Administrative Employees Compensation Program:

Health Insurance

The district shall pay 95% of the lowest premium of the group health insurance plan. The remaining premium cost shall be paid by the employee through the payroll deduction process.

Dental Insurance

The district shall pay 95% of the lowest premium of the group dental insurance plan. The remaining premium cost shall be paid by the employee through the payroll deduction process.

Vision Insurance

The district shall pay 95% of the premium of the group vision insurance plan. The remaining premium cost shall be paid by the employee through the payroll deduction process.

Short Term and Long Term Disability Insurance

The district shall pay the full cost of an individual administrator's premium of any approved group short term and long term disability insurance plan.

Life Insurance

The district will provide group life insurance equal to twice the annual salary of the administrative employee. Life insurance is in effect only while employed by the district.

Flexible Spending Plan

The purpose of the Flexible Spending Plan is to allow eligible employees to set aside funds each calendar year during Open Enrollment or upon hire to pay for:

- Out-of-pocket health care expenses for self or dependents: medical, dental, vision and hearing costs, i.e., copays, prescriptions, deductibles.
- Daycare expenses for children under 13 or a dependent child or adult who is physically or mentally incapable of self-care.

Per IRS rules, the accounts are considered "use or lose." Services must be incurred during the calendar year and claims submitted per plan requirements. Payroll deductions are made on a pre-tax and pre-PERA basis. For more information, go to 24HourFlex.com or contact Human Resources/Benefits.

ADMINISTRATIVE EMPLOYEES COMPENSATION PROGRAM

PROFESSIONAL GROWTH BENEFIT

(For the 2016/2017 contract year and until further notice, the professional growth benefit for administrators will be suspended.)

Guidelines for use of professional growth monies are:

- Expenditures should be related to:
 - Implementation of Board Ends and department/school plan
 - Professional Growth Plan
- Can be used for:
 - Conference or workshop registration/expenses
 - Staff development/university classes
 - Fees for professional memberships or affiliations
- Administrators should work with their supervisor to agree on ways information/ideas from conferences/classes/workshops are shared and create a plan for implementation of ideas.
- Receipts for all expenses should be kept.
- Carryover is allowed, so that monies can be accumulated from year to year. Monies go with administrator as long as the person has an administrative position in the district. (Carryover may not occur in years where limited funds are available.)
- This is not a personal benefit. When a person retires or is no longer employed as an administrator by the district, the monies accrued by this person remain in the existing department account. Principal and Assistant Principal accounts will be transitioned to a district account where an advisory group (Executive Directors of School Services) will decide how to utilize the monies for building-based administrative professional growth.

ADMINISTRATIVE EMPLOYEES COMPENSATION PROGRAM

LEAVES (TEMPORARY, PARENTAL, BEREAVEMENT, MILITARY AND JURY DUTY)

Temporary Leave

Administrative employees will accrue, on an unlimited basis, temporary leave as follows: 12-month employees: eight (8) hours per month; less than 12-month employees: 88 hours per year. The accrual rate will be pro-rated for those whose FTE is less than 1.0.

Upon retirement or termination of employment, reimbursement of temporary leave will be at 40% of the employee's hourly rate for a maximum of 1,440 hours. This amount is not included as salary with PERA. The administrator has the option to elect to receive the payment in a lump sum upon termination of contract or in three (3) annual payments beginning upon termination of contract. In the event the administrator does not elect either option, the payment shall be made in a lump sum.

Temporary leave is to be used for illness of the employee and/or family, for personal business or any other reasons requiring a temporary absence from work. Temporary leave should not be used for vacation purposes. If vacation accrual is exhausted, temporary leave may be allowed for vacation on a case-by-case basis with permission of the supervisor and the Chief Human Resource Officer.

Temporary leave is not to be used as part of a separation from employment in order to receive temporary leave payout at 100% vs. 40%. Example: Employee plans to separate employment on June 30 and wants to use 10 days of temporary leave in order to leave at an earlier date and be paid at 100%.

While actively employed, an administrative employee may annually request to sell up to 40 hours of temporary leave at 60% of the employee's hourly rate. Reimbursement will only be made for accrued temporary leave hours if, after reimbursement, the balance in the employee's account is at least 80 hours.

The administrative employee wishing to sell temporary hours must notify Human Resources in writing (memo or e-mail) by January 1 of each year requesting reimbursement and the amount requested. The reimbursement request shall be processed by Human Resources during the month of February and reimbursement shall be made in the February payroll. This amount is not included as salary with PERA.

Parental Leave

Up to a two-year unpaid leave of absence may be requested for parental leave.

Bereavement Leave

If death occurs among relatives of the employee's immediate family, the employee will be granted up to three (3) days leave, not to be charged to temporary leave. Immediate family is defined as spouse, child/step-child, brother, sister, parent/step-parent, father-in-law or mother-in-law, brother-in-law, sister-in-law, grandchild, grandparent, aunt, uncle or anyone who has stood in their stead. Reasonable

ADMINISTRATIVE EMPLOYEES COMPENSATION PROGRAM

notice of bereavement leave taken shall be given by the employee to his/her appropriate supervisor. Any additional day(s) needed will be charged to available temporary or vacation time.

Military Leave

Any employee is eligible for leave for military service as defined by the Uniformed Services Employment and Reemployment Rights Act of 1994. Employees should notify the Human Resources Department immediately after receiving orders for active duty. Copies of such orders shall be submitted to the Human Resources Department. If the employee applies for reinstatement within the time periods provided by law, the employee will be reinstated.

Employees belonging to Guard or Reserve Units will be allowed to take up to fifteen (15) calendar days per year of time off from their regular duties for such military training. A leave not to exceed fifteen (15) calendar days per year shall be without any loss of pay provided that the employee on such military leave shall turn over to the district payment received for such services, and no deduction shall be made from the employee's salary because of being on military leave up to fifteen (15) calendar days.

Jury Duty Leave

Employees called for jury duty during working hours shall be granted leave. Employees shall receive their regular pay during such time of service provided that they pay to the district any jury duty fees, excluding mileage and parking reimbursement, for such jury duty, and include the jury duty verification form with the remittance within thirty (30) days after the jury duty. An employee's temporary leave shall not be deducted for such jury duty.

ADMINISTRATIVE EMPLOYEES COMPENSATION PROGRAM

SHORT TERM AND LONG TERM DISABILITY BENEFIT

Short Term Disability Insurance

Employees are eligible for short term disability immediately upon their date of hire and become eligible if they are:

- An Administrative Employee of Adams 12 Five Star Schools, excluding temporary or seasonal employees, full-time members of the armed forces, leased employees or independent contractors.
- *Actively at work* at least 20 hours each week (see below for definition of “Actively at Work”).
- A citizen or resident of the United States or Canada.

The administrative employee must satisfy an *Active Work* requirement. This means that if the employee is not *Actively at Work* on the day before the scheduled effective date of insurance, the insurance will not become effective until the day after he/she is actively at work. *Actively at Work* will include regularly scheduled days off and vacation days, as long as the employee is capable of *Active Work* on those days.

Benefit Amount

The weekly benefit is 60% of the \$4,167 of the employee’s insured pre-disability earnings reduced by deductible income. Pre-disability earnings include base salary only.

Plan Maximum Weekly Benefit: \$2,500

Plan Minimum Weekly Benefit: \$15

To prevent over insurance, the STD benefit is reduced by deductible income, which generally includes the following: any return to work earnings, any other group disability benefits received, any amount received under any unemployment compensation law, or any amount received on behalf of a third party or settlement. Please refer to the Summary Plan Description Certificate, available in the Human Resources Department, for more detailed information.

Benefit Waiting Period

The benefit waiting period is the period of time that the employee must be continuously disabled before benefits become payable.

Illness or Accidental Injury: 14 calendar days

Maximum Benefit Period

If employee becomes disabled, benefits may continue during disability up to 90 calendar days. If employee is eligible to receive benefits under an employer-sponsored long term disability (LTD) plan, *STD* benefits cease to be payable.

ADMINISTRATIVE EMPLOYEES COMPENSATION PROGRAM

When Benefits End

STD Benefits end automatically on the earliest of:

- The date employee is no longer disabled
- The date employee's maximum benefit period ends
- The date employee dies
- The date benefits become payable under any other disability insurance plan under which employee becomes insured through employment during a period of temporary recovery
- The date LTD benefits become payable to employee under a policy issued by The Standard Insurance Company
- The date employee fails to provide proof of continued disability and entitlement to benefits

Long Term Disability Insurance

Eligibility

Employees are eligible for long term disability immediately upon their date of hire and become eligible if they are:

- An Administrative Employee of Adams 12 Five Star Schools, excluding temporary or seasonal employees, full time members of the armed forces, leased employees or independent contractors.
- *Actively at Work* at least 20 hours each week (see below for definition of "Actively at Work").
- A citizen or resident of the United States or Canada.

The administrative employee must satisfy an *Active Work* requirement. This means that if the employee is not *Actively at Work* on the day before the scheduled effective date of insurance, insurance will not become effective until the day after employee is actively at work. *Actively at Work* will include regularly scheduled days off and vacation days, as long as employee is capable of *Active Work* on those days.

Benefit Amount

The monthly benefit is 60% of the first \$16,667 of the employee's insured pre-disability earnings reduced by deductible income. Pre-disability earnings include base salary only.

Plan Maximum Monthly Benefit: \$10,000

Plan Minimum Monthly Benefit: \$100

To prevent over insurance, the LTD benefit is reduced by deductible income, which generally includes the following: any return to work earnings, any other group disability benefits received, any amount received under any unemployment compensation law, or any amount received on behalf of a third party or settlement. Please refer to the Summary Plan Description Certificate, available in the Human Resources Department, for more detailed information.

ADMINISTRATIVE EMPLOYEES COMPENSATION PROGRAM

Cost of Living Adjustment (COLA) Benefit

The COLA benefit that is included with this plan helps protect the employee's LTD benefits from inflation. On each anniversary date, the benefit amount received will be adjusted by the lesser of 4% or the change in the Consumer Price Index (CPI). These adjustments will be made for as long as the employee continues to receive benefits.

Benefit Waiting Period

If the employee's claim for Long Term Disability benefits is approved by The Standard Insurance Company, benefits become payable after employee has been continuously disabled for 90 days and remains continuously disabled. Benefits are not payable during the benefit waiting period.

Pre-existing Condition Exclusion

A general description of the Pre-existing Condition Exclusion is included in the Summary Plan Description Certificate, available in the Human Resources Department.

Pre-existing Condition Period: The 90-day period just before insurance becomes effective.

Exclusion Period: 12 months.

Definition of Disability

The definition of disability determines whether benefits are payable and the extent to which disabilities are covered. An employee does not have to be totally disabled in order to receive benefits. There are two distinct definitions under this contract: the "own occupation" period and the "any occupation" period. During the "own occupation" period (the first 24 months of claims payments), employees are considered disabled if, as a result of physical disease, injury, pregnancy or mental disorder, they are unable to perform with reasonable continuity the material duties of their own occupation and suffer a loss of at least 20 percent of their pre-disability earnings. During the "any occupation" period (the period following 24 months of claims payments), the same definition applies with the exception that the employee is disabled from "any occupation". "Any occupation" indicates any employment the employee is able to perform, whether due to education, training or experience.

Maximum Benefit Period

If employee becomes disabled before age 61, LTD benefits may continue during disability until employee reaches age 65 or the Social Security Normal Retirement Age (SSNRA). If employee becomes disabled at age 62 or older, the benefit duration is determined by the employee's age when disability begins:

<u>Age</u>	<u>Maximum Benefit Period</u>
61	To age 65, or to SSNRA, or 3 years 6 months – whichever is longer
62	To SSNRA, or 3 years 6 months – whichever is longer
63	To SSNRA, or 3 years – whichever is longer
64	To SSNRA, or 2 years 6 months – whichever is longer

ADMINISTRATIVE EMPLOYEES COMPENSATION PROGRAM

65	2 years
66	1 year 9 months
67	1 year 6 months
68	1 year 3 months
69 +	1 year

When Benefits End

LTD Benefits end automatically on the earliest of:

- The date employee is no longer disabled
- The date employee's maximum benefit period ends
- The date employee dies
- The date benefits become payable under any other LTD plan under which employee becomes insured through employment during a period of temporary recovery
- The date employee fails to provide proof of continued disability and entitlement to benefits

ADMINISTRATIVE EMPLOYEES COMPENSATION PROGRAM

VACATION BENEFIT

Twelve-month employees will accrue vacation at the rate of 160 hours per work year. This will be computed on the basis of 13.33 hours per month. The accrual rate will be pro-rated for those whose FTE is less than 1.0.

A maximum of 160 vacation hours may be carried into the next year. Any unused vacation hours over 160 as of December 31 shall be forfeited.

Employees are strongly encouraged to use their vacation within the assigned calendar year and to plan for the use of these days with their supervisors.

At separation or retirement, any accrued vacation days up to 320 hours (40 days) will be paid out at 100% of the employee's current per diem.

Less-than-twelve-month employees are granted time off as per the Perpetual School Calendar (District Policy 6100).

ADMINISTRATIVE EMPLOYEES COMPENSATION PROGRAM

HOLIDAYS BENEFIT

Holidays are granted per the approved calendar as follows:

For 12-month positions (13 days):

ADMINISTRATIVE EMPLOYEES COMPENSATION PROGRAM

ADMINISTRATOR LONGEVITY PROGRAM

NOTE: All administrative employees hired or re-hired January 1, 2015 or after are not eligible for the Administrator Longevity Program.

Administrator Longevity Program

The Administrator Longevity Program (ALP) has been created to recognize the administrative employee's continuous years of service to the district. The annual contribution percentage amounts will be determined by the number of eligible administrative staff, their years of district service, and available funds within the account for the specific fiscal year. Approved leaves will not interrupt the calculation of years of continuous service. The years of district service are updated on the employee's hire date anniversary.

The following scenarios for the Administrator Longevity Program were approved for years 2015/2016 and 2016/2017. Each year the Chief Human Resource Officer and the Chief Financial Officer will make recommendations to the Superintendent for appropriate and applicable disbursement of funds based on the set amount of dollars available for that fiscal year. Each fiscal year is reviewed annually and percentages may be adjusted.

Years Of District Service	2015/2016 % of Base Compensation	2016/2017 % of Base Compensation
2-4 years (Start of 25 th month to end of 60 th month)	2.0	2.0
5-9 years (Start of 61 st month to end of 120 th month)	3.0	3.0
10-14 years (Start of 121 st month to end of 180 th month)	4.0	4.0
15-19 years (Start of 181 st month to end of 240 th month)	5.0	5.0
20+ (Start of 241 st month+)	7.0	7.0

Effective January 1, 2016, ALP funds for eligible administrative employees will be contributed into the employee's 401(k) account with the contributions being tax-deferred until withdrawal.

PLEASE NOTE: The administrative employee will be notified prior to the time of their initial eligibility for ALP. If the employee does not respond by memo or e-mail when first notified of their eligibility, they will not receive the monthly ALP contribution. Once Payroll receives notification by memo or e-mail of the employee's intent to join the ALP program, contributions will begin the month following receipt of this notification. There will be no retroactive ALP contributions for employees who enroll after their initial eligibility.
