Adams County

and

District Twelve
Educators' Association (DTEA)

School Year
2019-2020

PREAMBLE

The Board of Education of Adams 12 Five Star Schools, and the District Twelve Educators' Association recognize that providing a quality education for the children of Adams 12 Five Star Schools, Adams County, is the mutual aim and responsibility of both parties. This has been and shall continue to be a joint concern of the Board of Education, the Superintendent, and the representatives of the professional staff.

Teaching is a profession requiring special qualifications and training. The quality of the program conducted in the public schools is greatly dependent upon the quality of its professional staff and the leadership of the Superintendent. The Board recognizes that the professional preparation of educators qualifies them to make significant contributions to the conduct of education and the development of policy and program.

The Board and the Association recognize the responsibility of each to maintain and improve standards of professional practice and to consider thoughtful innovation in education. Both parties recognize that this history of leadership has been built on a spirit of mutual understanding and confidence, and that the preservation of this spirit is essential to the quality of education.

The attainment of the objectives of the educational program conducted in Adams 12 Five Star Schools, Adams County, requires mutual understanding and cooperation between the Board and the teachers; and, further, that such mutual understanding and cooperation can be fostered through good-faith negotiations between the Board and the Association with a free and open exchange of views. Agreements reached through such negotiations shall form a binding contract between the parties.

The Board of Education and Educators' Association affirm that they recognize that it is imperative that all teachers represented by the Association be sensitive to the needs and aspirations of children, regardless of race, color, sex, age, religion, creed, national origin, ancestry, genetic information, marital status, sexual orientation, gender identity, disability, or other basis prohibited by applicable law; and, further, that intolerant or biased conduct toward pupils will not be condoned. All policies and procedures formulated throughout this Agreement shall be based on the aforementioned premise.

The following Agreement is, therefore, negotiated in order to: (a) fix for its term the salaries and other conditions of employment as provided herein, and (b) to continue to promote effective and harmonious working relationships between the Board and the professional staff in order that the cause of public education may be best served.

Negotiation Procedure

4.1 Negotiations

- 4.1.1 If either party desires to modify this Agreement for a successive term, that party shall give written notice of same to the other party prior to the last day of January of the year in which the Agreement expires. A jointly developed schedule for negotiations shall be completed by March 1 (March 15 in years of limited reopeners) and negotiations shall commence no later than April 1 or the first school week following April 1. Negotiations shall be suspended from June 15 through July 31.
- 4.1.2 A written request for a negotiating session(s) shall be submitted by the President of the Association to the Superintendent or by the Superintendent to the President of the Association.
- 4.1.3 Each party shall designate in writing the names of six (6) persons who shall serve on their respective negotiating teams and be empowered to speak for them, and be responsible for negotiations pursuant to the provisions of this Agreement. Each party shall at the time of the first meeting designate the person on their team who will be the spokesperson or chief negotiator. If either party finds it necessary to change members of the team during negotiations, they shall so inform the other party in writing. In the interest of providing a situation whereby maximum progress can be made during negotiations, each party agrees to keep changes as minimal as possible.
- 4.1.4 Either party may use the services of consultants during negotiations. Not more than three (3) consultants shall represent each party during any one negotiating session. Exceptions may be made by mutual agreement.
- 4.1.5 The Board and the Association through their designated representatives, shall meet to negotiate in good faith for the purpose of reaching agreement on matters of teachers' salaries and conditions of employment, and procedures for processing those grievances which pertain to or arise out of the interpretation or application of this Agreement and addenda to this Agreement. The term "negotiate in good faith" shall mean the mutual obligation to meet at reasonable times and places with the willingness to examine the other party's concerns and points of view on any matter which is a topic of negotiations and the exchange of documentation throughout the process; however, neither party shall thereby be compelled to agree to a specific proposal or to make a concession.
- 4.1.6 During the first three (3) negotiating sessions (first session in years of limited reopeners), the parties shall discuss their interests and concerns, present relevant data and exchange points of view. During the fourth (4) session (second session in years of limited reopeners), the teams shall establish a list of topics to be negotiated. Each topic shall be identified as advanced by the district, the DTEA, or mutually. The parties' initial proposals for each topic shall be exchanged. Negotiations sessions shall be closed to the public. Status reports may be made. Such status reports shall be jointly prepared and mutually agreed to and presented by the district and DTEA.
- 4.1.7 Negotiations shall be conducted in closed sessions unless mutually agreed to by both parties or as directed by state law. Any public presentation sessions shall be open to all interested parties.

- 4.1.8 Negotiating meetings shall be scheduled at times which will interfere least with the teacher work day and the educational program. When it is mutually agreed that it appears necessary for the expediency of the negotiating process, the Board will allow the teacher to be absent from the class, and the Association shall assume the cost of a substitute teacher.
- 4.1.9 Upon the request of either party, the other shall make available for inspection and copying, data and records pertinent to the subject of negotiations in accordance with the Colorado Open Records Act. Both parties have the right to request that their most recent proposals be answered by a written counterproposal submitted by the other party. However, neither party shall be required to agree with a proposal submitted by the other, or to make a concession.
- 4.1.10 An article or portion thereof is considered a tentative agreement only when mutually signed and dated by both parties. It is understood and agreed that all tentative agreements negotiated by the parties' representatives are subject to formal ratification by the Board and by the members of the Association.
- 4.1.11 When tentative agreements have been negotiated on all matters submitted by the parties, the Agreement shall be reduced to writing and presented to the Association for ratification. The Association shall have fifteen (15) school days from the date the Agreement is presented in which to file a written report of their action to the Board through the Superintendent. Following such ratification, the Agreement shall be subject to ratification by the Board at an official meeting which shall take place within thirty (30) days of the date the Association notifies the Board of ratification. After ratification by both parties, the chief officers of the Board and the Association shall sign the ratified Agreement.
- 4.1.12 In the event negotiations cannot be satisfactorily resolved between the parties' representatives; either party may submit the dispute to mediation by notifying the other party in writing of its desire to have the assistance of a mediator.
- 4.1.13 The time limits set forth at various points in this article are considered in all cases to be maximum. Either party may give any required notice or notification to the other party by actual delivery of written notice to the other party's officers or representatives personally, or by delivery of such notice or notification to the place of business of such party or their representatives during normal business hours. Where necessary, the parties may also expedite this procedure by giving notification by telephone which shall promptly be confirmed in writing.
- 4.1.14 The parties may mutually agree to reverse the order of mediation and fact finding, or the parties may agree that mediation and fact finding shall take place simultaneously.

4.2 Impasse

- 4.2.1 If, during the course of negotiations, a mutually satisfactory solution to an issue or issues is not reached, either party may declare in writing that an impasse exists and submit the issue or issues in dispute to mediation or fact finding.
- 4.2.2 After impasse has been declared, within five (5) business days, a list shall be prepared including all items agreed upon to date as well as those items to be submitted to

mediation. Each item being submitted to mediation shall show the last position taken by each negotiating team which should thereby clarify the difference between the parties. This list shall be signed by the spokesman or chief negotiator of both negotiating teams and presented to the mediator, who shall be selected by the American Arbitration Association for this purpose. The costs for the services of the mediator, including per diem expenses, if any, and actual and necessary travel expenses, shall be shared equally by the Board and the Association.

4.2.3 If the Board and the Association, through their representatives, are unable to mutually agree upon a mediator within five (5) business days, the mediator shall be selected in the following manner:

4.2.3.1 If the parties are unable to mutually agree upon a mediator after demand for or submittal to mediation, the American Arbitration Association shall be requested by the moving party to submit simultaneously to each party an identical list of the names of five (5) persons skilled in mediation of educational matters.

4.2.3.2 Each party shall have seven (7) business days from postmarked date to postmarked date in which to cross off any names to which it objects, number the remaining names in order of its preference and return the list to the American Arbitration Association. If a party does not return the list within the time specified, all persons named therein shall be deemed acceptable.

4.2.3.3 From among the persons who have been approved on both lists, and in accordance with the designated order of mutual preference, the American Arbitration Association shall invite the acceptance of a mediator.

4.2.3.4 If the parties fail to agree upon any of the persons named, or if those named decline or are unable to act, or if for any other reason an appointment cannot be made from such lists of names, the American Arbitration Association shall appoint a mediator from its other members without submitting additional lists.

4.2.4 Conducting Mediation

4.2.4.1 The format, dates and times of meetings will be arranged by the mediator and such meetings will be conducted in closed sessions. No news releases shall be made by either party or the mediator concerning the progress of such meetings. Official minutes shall be kept and costs of clerical assistance and materials shall be shared equally by the Board and the Association. With the approval of all parties, joint periodic reports and/or press releases may be issued.

4.2.4.2 The mediator will meet with the representatives of the Board and the Association, either separately or together.

4.2.4.3 The parties may call upon competent professional and lay representatives to consider matters under discussion and to make suggestions. It is expressly understood that either party shall have the right to have its consultants or advisors present their views to a combined meeting of the parties. Any expenses which may be incurred in securing and utilizing the services of advisory personnel, approved by both parties, will be shared equally by the Board and the Association.

- 4.2.4.4 To the extent that tentative agreements are reached as a result of such mediation, the procedures for ratifying tentative agreements as set forth in this Agreement shall apply.
 - 4.2.4.5 If mediation fails in whole or in part, the mediator shall report the issues which remain in dispute to the respective parties.
 - 4.2.4.6 Any unresolved issues after mediation may either continue in negotiations between the two negotiating teams or may be submitted to fact finding.
- 4.2.5 Fact Finding
- 4.2.5.1 If the mediation has failed to bring about agreement on all issues submitted to mediation, either the Board or the Association, through their representatives, may request in writing that the issues which remain in dispute be submitted to a fact finder.
 - 4.2.5.2 Before submission to fact finding, a list shall be prepared including all items agreed upon to date as well as those items to be submitted to fact finding. Each item being submitted to fact finding shall show the last position taken by each negotiating team which should thereby clarify the difference between the parties. This list shall be signed by the spokesman or chief negotiator of both negotiating teams and presented to the fact finder.
 - 4.2.5.3 The costs for the services of the fact finder, including per diem expenses, if any, and actual and necessary travel expenses, shall be shared equally by the Board and the Association.
 - 4.2.5.4 If the Board and the Association, through their representatives, are unable to mutually agree upon a fact finder, the fact finder shall be selected in the following manner:

If a party does not return the list within the time specified, all persons named therein shall be deemed acceptable.
 - 4.2.5.4.3 From among the persons who have been approved on both lists, and in accordance with the designated order of mutual preference, the American Arbitration Association shall invite the acceptance of a fact finder.

4.2.5.4.4 If the parties fail to agree upon any of the persons, or if those named decline or are unable to act, or if for any other reason an appointment cannot be made from such lists of names, the American Arbitration Association shall appoint a fact finder from its other members without submitting additional lists.

The phrase “concerning the progress of fact finding and such hearings” shall mean from when fact finding is declared pursuant to Article 4.2.5.1 through the official action taken by the Board and Association pursuant to 4.2.6.16 below. This does not restrict either party from discussing matters with their respective members or staff at any time.

4.2.6.4 The fact finder shall determine the relevancy and materiality of the evidence offered.

4.2.6.5 The fact finder’s recommendations shall be limited to selecting either party’s presented position on each issue remaining in dispute. - 4.2.6.8 The parties shall be permitted to be represented at the hearing by attorneys or advocates and may have up to two advisory witnesses each, unless mutually agreed upon otherwise by the parties. All other witnesses shall be sequestered.
- 4.2.6.9 The parties shall attempt to agree to stipulated facts to be submitted to the fact finder as soon as possible in the process and in no event less than fifteen (15) business days prior to the hearing.
- 4.2.6.10 Ten (10) business days before the fact finding hearing, the parties shall exchange written witness and exhibit lists, as well as copies of all documents that they intend to submit at the hearing. The parties shall have the ability to offer rebuttal witnesses and exhibits as necessary. Rebuttal witnesses and exhibits shall be disclosed as soon as reasonably practical. No Colorado Open Records Act request related specifically to the fact finding issues shall be made during the fact finding process prior to the exchange of exhibits and exhibit lists as set forth above. Faculty Advisory Council

We believe that all professional educators have basic responsibility for providing both quality education to the children and youth in Adams 12 Five Star Schools, Adams County, and the best educational climate within their school unit. We believe that through the Faculty Advisory Council we can achieve the major goals of education and have a way to provide a democratic school environment where educators are free to discuss and effect change in areas of common interest and concern.

We believe that through the Faculty Advisory Council, we have a way to promote and maintain unity and harmony between teachers and administrators within the local school unit. The principal and the Faculty Advisory Council committee should be willing to discuss any item of common concern and seek to provide appropriate answers. - 8.2.3 Vacancies will be filled by elections to that vacancy for the remainder of that term.

ARTICLE 9

Grievance Procedure

9.1 Definitions

- 9.1.1 A grievant shall mean a teacher, a group of teachers, or the Association filing a class grievance.
- 9.1.2 A grievance shall mean a complaint by an employee or employees in the negotiating unit that there has been a violation, a misinterpretation, or inequitable application of any of the procedures of this Agreement, or implementation of written policies of the Board of Education which affect teachers directly, or a condition which jeopardizes an employee's health or safety, except that the term, "grievance", shall not apply to any matter to which: (1) the method of review is prescribed by law, or (2) the Board is without authority to act.
- 9.1.3 A party in interest is the person or persons making the complaint and any person who might be required to take action or against whom action might be taken in order to resolve the complaint, or any person or persons whose interests are affected by the resolution of the grievance.
- 9.1.4 The term days, when used in this article, shall, except where otherwise indicated, mean school days; thus, weekends or holidays are excluded.
- 9.1.5 The Superintendent may designate his/her official representative at any level of the grievance procedure.
- 9.1.6 The Association may designate an official representative at any level of the grievance procedure.

9.2 Purpose

- 9.2.1 Good morale is maintained as problems arise by sincere efforts of all persons concerned to work toward constructive solutions in an atmosphere of courtesy and cooperation. The purpose of this procedure is to secure, at the lowest possible administrative level, equitable solutions to the problems which may, from time to time, arise, affecting the welfare or working conditions of teachers. Both parties agree that grievance proceedings will be kept as informal and confidential as shall be appropriate at any level of the procedure.

9.3 General Procedures

- 9.3.1 Since it is important that grievances be processed as rapidly as possible, the number of days indicated at each level is considered a maximum, and every effort should be made to expedite the process. However, extension(s) of time lines may be requested by either the district or the association. Agreement by the association and the district must be reached for a new time line to be in full force and effect.
- 9.3.2 In the event a grievance is not resolved prior to June 1, which, if left unresolved until the beginning of the following school year, could result in substantial harm to a grievant, the

parties may agree to reduce the time limits set forth herein so that the grievance may be fully processed prior to the end of the school term or as soon thereafter as possible.

- 9.3.3 In the event a grievance is filed so that sufficient time as stipulated under all levels of the procedure cannot be provided before the last day of the Master Agreement, should it be necessary to pursue the grievance to all levels of the appeals, then said grievance shall be resolved under the terms of this Agreement, and this Article, and not under any succeeding agreement.
- 9.3.4 At least one Association representative will be present at all meetings. The resolution of any grievance shall be consistent with the terms and conditions of this Agreement. The grievant will be present at all meetings, except by mutual agreement between the parties. A class action grievance under Section 9.3.5 may be represented by the Association president or his/her designee, and the individual(s) signing the class action grievance, if so requested by the Superintendent or the Association President.
- 9.3.5 If, in the judgment of the Association, a grievance is considered to be a class action grievance, the Association may initiate and submit such grievance--first informally, then, if not resolved, in writing to the Superintendent or his/her official designee(s) directly; and the processing of such grievance shall be commenced at Level Two. Prior to the filing of a written class action grievance, the Association is encouraged to first discuss the grievance with the Superintendent or his/her official designee. Application of a class grievance must involve more than one teacher, and those teachers filing such grievance must be willing to sign the grievance, if so requested.
- 9.3.6 The resolution of any grievance shall be limited to making the teacher whole for a period no longer than six (6) calendar months prior to the date the grievance was filed.

9.4 Individual Rights

- 9.4.1 Nothing contained herein shall be construed as limiting the right of any teacher having a complaint to discuss the matter via administrative channels and to have the problem adjusted without the intervention of the Association, as long as the adjustment is not inconsistent with the terms of this Agreement.
- 9.4.2 Any party in interest may be represented at any stage except arbitration, by a person of his/her own choosing, except that he/she may not be represented by a representative of any teacher organization other than the Association.

9.5 Procedure

9.5.1 Level One

- 9.5.1.1 Prior to the filing of a written Level I grievance under this section, a teacher is encouraged, but not required, to first discuss the grievance with his/her principal or immediate supervisor with the object of resolving the grievance informally. If the grievance is not resolved informally, then a teacher with a grievance will file a written grievance with his/her principal within twenty-three (23) days of the grievant's knowledge or notice of the act, failure to act, or condition incurred on which the grievance is based. Information copies may be sent by the grievant to the representative of the Association. The principal shall hold a hearing with the parties in interest and/or their representatives

within four (4) days after receipt of the written grievance. The principal shall provide the grievant and the Association with the written answer to the grievance within four (4) days after the hearings. Such answer shall include the reasons upon which the decision was based. In grievances relating to salary, salary placement, interpretation of intermediate hours, or any other matter mutually agreed upon by the Association and the Chief Human Resources Officer, the Level I Grievance shall be filed directly with the Chief Human Resources Officer within the time limit set forth in this section.

9.5.2 Level Two

9.5.2.1 If the grievant is not satisfied with the disposition of his/her grievance at Level One (1), or if no decision has been rendered within seven (7) days after presentation of the grievance, then the grievance may be referred within ten (10) days after the principal's submission of his/her written answer, to the Superintendent or his/her official designee(s) [which designee(s) will be specified in writing to the Association five (5) days in advance of the hearing.] The Superintendent shall have ten (10) days to arrange for and hold a hearing with the grievant and the Association. The Association shall have the right to include in the representation such witnesses and advisors as are deemed necessary to develop facts pertinent to the grievance. Upon conclusion of the hearings, the Superintendent will have four (4) days to provide his written decision to the aggrieved and the Association.

9.5.3 Level Three

9.5.3.1 If the grievant is not satisfied with the disposition of his/her grievance at Level Two, or if no decision has been rendered within ten (10) school days after he/she has first met with the Superintendent, he/she may (within five school days after a decision by the Superintendent, or fifteen (15) school days after he/she had first met with the Superintendent, whichever is sooner) request in writing to the Association that the Association submit his/her grievance to arbitration. If the Association determines that the grievance involves the interpretation, meaning or application of any of the provisions of this Agreement, it may, by written notice to the Superintendent within fifteen (15) school days after receipt of the request from the grievant, submit the grievance to arbitration. The district may challenge such determination and, in the event it does, the arbitrator shall resolve this issue. If any question arises as to the arbitrability, such question will first be ruled upon by the arbitrator selected to hear the dispute.

9.5.3.2 Within ten (10) school days after such written notice of submission to arbitration, the Superintendent and the Association will attempt to agree upon a mutually acceptable arbitrator and to obtain a commitment from such arbitrator to serve. If the parties are unable to agree upon an arbitrator or to obtain such commitment, the Board and Association will jointly request the American Arbitration Association for a list of arbitrators within this ten (10) day period. The parties will follow the rules and procedures of the American Arbitration Association.

- 9.5.3.3 Neither party shall be permitted to assert in the arbitration proceedings any evidence which was not submitted to the other party before the completion of Level Two meetings.
- 9.5.3.4 The arbitrator selected will confer with the representatives of the Superintendent and the Association, and hold hearings promptly and shall issue his/her decision not later than twenty (20) days from the date of the close of the hearings, or, if oral hearings have been waived, then from the date the final statements and proofs are submitted to him. The arbitrator's decision shall be in writing and shall set forth his/her findings of fact, reasonings and conclusions on the issues submitted. The arbitrator shall be without power or authority to make any decision which requires the commission of an act prohibited by law or which is in violation of the terms of this Agreement. The decision of the arbitrator shall be submitted to the Board and the Association. Within five (5) days after receiving the report of the arbitrator, representatives of the Board and the Association shall meet to discuss the report before a public release is made. The Board and the Association shall take official action on the report at their next regularly scheduled meetings.
- 9.5.3.5 The costs for the services of the arbitrator, including per diem expenses, if any, plus actual and necessary travel and subsistence expenses, and facility expenses shall be shared equally by the parties, unless the arbitrator determines either party's position is frivolous or lacks any substantial justification, in which case the arbitrator may charge all costs and expenses against that party.

9.6 General Provisions

- 9.6.1 Copies of written grievances and decisions rendered will be transmitted promptly to the grievant, the principal, the Association President, and the Superintendent.
- 9.6.2 No reprisals of any kind will be taken by the Board of Education or by any member of the administration against any party in interest, any school representative, or any member of the grievance procedure by reason of such participation.
- 9.6.3 Insofar as possible, the status quo of the parties shall be maintained pending the completed processing of any grievance.
- 9.6.4 No grievance may be submitted to arbitration except by the Association.
- 9.6.5 The sole remedy available to any teacher for any alleged breach of this Agreement or any alleged violation of his/her rights hereunder will be pursuant to the grievance procedure.
- 9.6.6 Failure at any step of this procedure to communicate the decision in writing on a grievance within the specified time limits shall permit the grievant to proceed to the next step. Failure at any step of this procedure to appeal a grievance to the next step within the specified time limits shall be deemed to be acceptance of the decision rendered at that step.

- 9.6.7 All documents, communications, and records dealing with the processing of a grievance shall be filed separately from the personnel files of the participants.
- 9.6.8 Forms for filing grievances, serving notices, taking appeals, reports and recommendations and other necessary documents will be prepared by the Superintendent and the Association so as to facilitate operation of the grievance procedure. The costs of preparing such forms shall be borne by the Board.
- 9.6.9 The Board agrees to make available to any grievant and/or his/her representative all pertinent information when requested, except that which is privileged under the Open Records Law. The district's usual costs for copying will apply.
- 9.6.10 Should the investigation or processing of any grievance require that a teacher or an Association representative be released from his/her regular assignments as a result of a request by the school district and Association, such individual shall be released without loss of pay or benefits.
- 9.6.11 No grievance shall be recognized by the Board of Education unless it shall have been presented at the appropriate level within twenty-three (23) days after knowledge or notice of the act, failure to act, or condition occurred on which the grievance is based. If not so presented, the right of grievance will be forfeited.
- 9.6.12 Any matter for which an administrative forum is provided by law shall not be proper subject for arbitration under this grievance procedure, unless the grievant notifies the Association in writing that he has signed a waiver prepared by the district of his/her right to use such administrative forum. If the Board rejects an arbitrator's award, the waiver is null and void and the grievant may use other administrative forums as provided by law.

ARTICLE 10

Reductions in Force

- 10.1 The Superintendent or his/her designee shall notify the teaching staff on or before April 1 that reductions in force may be necessary. The Superintendent shall provide the Association President with all pertinent information supporting the anticipated need to reduce staff. Prior to a final decision, the Superintendent shall meet with the Association President to discuss the proposed reductions in force.
- 10.2 Reductions in force are a result of a justifiable decrease in teaching positions due to financial, budget and programmatic considerations. The district shall meet with the Association to review and determine budget and programmatic related conditions prior to implementation of this article.
- 10.3 When the Board of Education, consistent with State law, deems it necessary to reduce the certified/licensed staff, such reduction shall be administered in accordance with Appendix E.
- 10.4 Normal attrition shall be considered prior to any reductions in force.
- 10.5 In the event of reductions in force as described in 10.2, teachers shall be reduced by non-renewal as required by law.
- 10.6 The Board shall notify the teachers affected by the required reduction not later than June 1 of that academic year. The reasons for this reduction shall be clearly stated and the teachers shall be notified of their right to appeal through the Grievance Procedure and/or the Colorado Teacher Employment, Compensation and Dismissal Act of 1990.
- 10.7 The Board of Education shall determine the order of reductions in force and provide such a list to the teachers affected and the Association not later than June 1 of that academic year.
 - 10.7.1 Prior to any reductions in force, the Administration shall investigate all possible assignments for which all affected teachers are endorsed.
- 10.8 Any non-probationary teacher whose position has been eliminated due to reduction in force shall be offered a substitute position and paid at the current long-term substitute rate for each day worked. Such teacher may apply for any available vacancy for which he/she has an endorsement or equivalent.
- 10.9 The temporary separation due to a reduction in force shall be considered an approved leave of absence and will not affect accumulated benefits listed below if the teacher is rehired within eighteen (18) months of the date of termination:
 - 10.9.1 Accumulated temporary leave and status in the sick leave bank, provided no previous reimbursement has occurred.
 - 10.9.2 Position on the salary schedule.
 - 10.9.3 Non-probationary status.
 - 10.9.4 Teachers whose positions have been eliminated due to reductions in force may continue the district health and dental coverage at their own expense according to law.

ARTICLE 11

Student Teachers

- 11.1 Teacher supervision of student teachers shall be strictly voluntary. At the same time, teachers recognize that active and willing participation in the training and development of qualified new teachers is a basic professional responsibility. District approved procedures for placement of student teachers shall be available to interested teachers upon request.
- 11.2 All compensation received by the district from institutions of higher education for the supervision of student teachers shall be given in full to the supervising teacher or teachers involved.
- 11.3 Student teachers shall not be assigned to teachers who have less than two (2) years successful experience in an accredited school.

ARTICLE 12

Transfers and Reassignments

12.1 General Provisions

12.1.1 Teachers contracted for the coming year shall be notified of their tentative assignments, including such pertinent information as grade level, subjects, and any special or unusual circumstances of their assignment, by June 1. If not possible by June 1, the teacher will be notified as soon as possible.

12.1.2 The term transfer as used in this Article shall mean a change in assignment from one building to another. The term reassignment shall mean a change of assignment in subject area or grade level or both within a single building. For return from leave of absence, see Article 24. The term vacancy as used in this Article shall mean an open position in a specified building communicated by a vacancy notice listing the district and unit qualifications in priority order. The term mutual consent placement shall apply when teachers are displaced from their assignments as a result of drop in enrollment; turnaround; phase-out; reduction in program; or reduction in building, including closure, consolidation, or reconstitution.

12.1.3 Teachers within a building shall be notified of all vacancies within their respective buildings. Teachers who file requests for reassignment with their building principal shall be interviewed and given preferential consideration in filling these vacancies if the teacher is qualified and available at the time that interviews take place. When contacts for interviews are being made during vacations, such as winter and spring breaks or summer vacation, at least three (3) contact attempts shall be made and noted by the administrator or his/her designee prior to the date of interview.

12.1.4 All known vacancies for the next school year shall be posted and updated on the Adams 12 Five Star Schools website for a minimum of seven (7) working days. Teachers seeking such positions shall complete an online application and apply for positions. The principal shall interview teachers according to the published procedure established by the Human Resources Office, consistent with the provisions of this article. Vacancies that occur three weeks prior to the start of the school year or after the current school year begins shall be posted for a minimum of five (5) working days.

12.1.5 The Association shall be notified of all transfers through the personnel agenda acted upon by the Board of Education.

12.1.6 Teachers may apply for any vacancy for which they are qualified.

12.2 Voluntary Transfers Through the School-Based Hiring Process and Reassignment

12.2.1 Teachers who desire a transfer shall apply online for the specific openings. All applicants for vacancies shall be considered for interview by the appropriate administrator and at least two applicants shall be interviewed, if that many apply and are qualified for the specific vacancy. Each applicant interviewed shall be notified of the decision within two (2) working days of the position being filled. If requested, verbal information shall be provided as to the basis for a transfer decision. Teachers may request the interview questions and the points received for each qualification.

12.2.2 If more than one teacher has applied for the same position, an interview team consisting of administrator(s), teacher(s) and/or relevant certified staff shall make a hiring recommendation to the Principal/Administrator. In order to determine which applicant is best qualified, the following list of criteria shall be used, but not limited to: Quality of performance (written evaluation, optional recommendations); state certification/licensure/endorsement or equivalent; length of service in the district; teaching experience.

12.2.3 In the determination of requests for reassignment by the teacher, the convenience and wishes of the individual teacher will be honored to the extent that they do not conflict with the instructional requirements and best interests of the school system.

12.2.4 Should a teacher feel that he/she has compelling personal and/or professional reasons for desiring a transfer, he/she is encouraged to speak to a building administrator and/or speak directly and confidentially to the Chief Human Resources Officer to express such concern. Such a request will be given individual attention.

12.3 Administrative Transfers and Reassignments

The Board and the Association recognize that some transfer of teachers from one school to another or reassignment within a school is unavoidable. They also recognize that under normal circumstances administrative transfer or reassignment of personnel will be kept to a minimum.

12.3.1 A teacher shall be administratively transferred or reassigned only for valid and sufficient educational reasons. The transfer process will be determined by the Superintendent or his/her designee in consultation with the teacher, DTEA President or his/her designee, and the principal of the proposed receiving school.

12.4 Student Services Caseload Adjustments

12.4.1 If any change is needed due to inequities of caseload or other legitimate reasons, teachers from that area shall be notified in writing about a meeting to discuss options. At this meeting, teachers shall share factual information about their current assignment and preferences for job placement (level, area, number of schools, etc.). The Special Education Administrator shall verify the factual information. If any change is needed those impacted by the change shall be contacted and shall be involved in the decisions to achieve final resolution. If needed, a facilitator not directly related to the identified area shall be utilized to help reach mutual agreement. The parameters for determining placements shall be as follows:

12.4.1.1 Move as few teachers as possible in order to maintain the ability to provide students a free appropriate public education in the students' identified least restrictive environment.

12.4.1.2 Equalize caseloads within a reasonable range.

12.4.1.3 Meet individual preferences whenever possible.

12.4.2 When the identified area requires a reduction in force, Appendix E and Article 10 shall be utilized as per the Master Agreement.

12.5 Exchange of Positions (in-district)

The parties recognize that there are times when a change in assignment may be advantageous for teachers as well as beneficial to the educational process.

Teacher exchanges may be made when the following conditions are met:

1. Exchanging teachers and respective principals mutually agree to the exchange.
2. The exchange is for not more than one school year.
3. All parties understand and agree in writing that for purposes of seniority, transfer, application of Appendix E, or any other appropriate purpose, the exchange teachers are considered as holding a position in their home school.
4. The proposal is submitted in writing, with signatures of the teachers and principals, to the Human Resources department for approval.
5. At the conclusion of the school year during which the exchange took place, all parties will revisit the exchange assignment. If all parties are in agreement (exchanging teachers, principals, Association and Human Resources), the exchange assignment may become the regular assignment.

12.6 Looping is an instructional practice in which a teacher advances with his/her current grade level students to the next grade level(s) and returns to his/her original grade level assignment.

12.6.1 Looping assignments shall be limited to no more than two years.

12.6.2 Looping shall be a voluntary change in assignment for all affected teachers.

12.6.3 Teachers shall return to original assignment upon completion of the looping assignment.

12.6.4 Prior to accepting assignments, teachers who are new hires, out of building transfers, and in-building reassignments shall be notified that such positions are looping assignments.

12.6.5 Teachers desiring not to return to the original position (assignment) must seek reassignment or transfer according to Article 12.

12.7 Mutual Consent Placement Process

12.7.1 Priority Hiring Pool – Non-Probationary

12.7.1.1 Schools shall notify Human Resources of any non-probationary teacher identified for transfer out of the school as a result of drop in enrollment; turnaround; phase-out; reduction in program; or reduction in building, including closure, consolidation, or reconstitution.

12.7.1.2 Any active non-probationary teacher who in the prior school year was rated “Effective” or “Highly Effective” and who has not secured a position through the school based hiring process shall be a member of a “priority” hiring pool. A minimum of two priority pool teachers, along with a minimum of two in-district

teachers as referenced in 12.2.1, shall be provided the opportunity to interview for available positions through the current and immediately succeeding hiring cycle for which he/she is qualified.

12.7.2 Human Resources shall provide the identified non-probationary teachers guidance on how to apply for vacant positions through the district on-line application system. Human Resources shall confirm teacher qualifications and the positions for which the teacher has an endorsement or equivalent. It is the responsibility of the teacher to complete the on-line application/transfer form in order to be considered by the mutual consent placement team for the vacancy of interest.

12.7.3 Teachers selected for interview must demonstrate effectiveness by: Review of prior school year evaluation indicating effective or higher, holding an endorsement or equivalent for the position and possess teaching experience and/or a willingness to obtain the required skills that support the instructional practices of the school. Instructional practices shall be clearly defined in the job posting. If a teacher does not secure a mutual consent placement at a building, the district shall advise the teacher of the specific reasons why the teacher was not selected within five (5) work days. The notice shall include all evidence that was considered. The teacher shall have the right to appeal that decision through the grievance procedure.

12.7.4 A teacher may receive an assignment to a school using the mutual consent placement process. The process requires the hiring principal provide consent with input from at least two (2) teachers employed at the school who are selected by certified staff to represent them in the interview and selection process.

12.7.5 Non-Probationary Without an Assignment

At the start of the school year, non-probationary teachers who were not recommended for transfer to a vacant position through the mutual consent placement process may be utilized as a temporary substitute teacher in the capacity of long-term, short-term, “day to day”, and or instructional support and paid their current salary while the non-probationary teacher continues to apply for vacancies for which he/she is qualified.

12.7.5.1 Placement in a temporary status at a school location does not constitute the mutual consent placement process.

12.7.5.2 Failure of a teacher to accept placement in a temporary position for which he or she is qualified shall terminate any further obligation on the part of the district to maintain employment.

12.7.6 Non-Probationary Without an Assignment for Two Hiring Cycles

Non-probationary teachers who have not secured a certified position after two (2) hiring cycles shall be placed on an unpaid leave of absence. A hiring cycle is defined as March 1 – August 31. The first hiring cycle shall begin at the time of notification of the elimination of the position. The second hiring cycle shall be March 1 – August 31 of the next year.

12.7.7 Unpaid Leave of Absence Due to No Assignment

Non-probationary teachers on an unpaid leave of absence as defined in Article 12.7.6 shall have access to the district on-line application system in order to apply for vacancies for which they are qualified.

If the non-probationary teacher secures a position through the mutual consent placement process while on the unpaid leave of absence, he/she shall be reinstated at the same step on the salary schedule as attained as of the effective date of the unpaid leave of absence. Benefits shall be reinstated as an active certified staff member. Non-probationary teachers on unpaid leave do not accrue years of service credit.

At the conclusion of the unpaid leave of absence not to exceed 12 months, the teacher who has not secured a position shall be notified in writing that the employment contract shall be recommended for termination to the Board of Education.

12.7.8 Mutual Consent Reassignment

In schools anticipating a decline as defined in 12.1.2 for the following school year, effectively rated non-probationary teachers impacted by this decline shall be reassigned. Teachers interested in being considered for existing vacancies within their building shall be granted an interview. The interview shall be conducted through the mutual consent placement process as described in 12.7. The mutual consent reassignment process shall be conducted before a position may be posted externally. If the teacher does not secure an in-building assignment, the Association President shall be notified by the building principal within five (5) work days and the teacher's assignment shall be as described in 12.7.5.

- 12.8 When any teacher is required by the district to take courses for a new assignment as a result of an administrative transfer, the school district shall pay the cost of such retraining or shall reimburse the teacher for expenses incurred for tuition, fees, transportation, and materials for courses at a location as specified by the district.

ARTICLE 13

Change in Position

- 13.1 Vacancies in positions paying a salary differential and/or positions on the administrative/supervisory level shall be filled pursuant to the following procedures:
- 13.1.1 Such vacancy shall be adequately publicized, which shall mean, as a minimum, that a notice shall be posted in every school clearly setting forth a description of, and the qualifications for the position, including the duties and salary. During the summer vacation, notices of promotional positions may be secured when prior request has been filed with Human Resources.
 - 13.1.2 Such notices shall be posted as far in advance as possible, ordinarily at least thirty (30) days before the final date when applications must be submitted.
 - 13.1.3 Certified/licensed personnel who desire to apply for such vacancies shall submit their applications in writing to the Superintendent or his authorized agent within the time limit specified in the notice.
 - 13.1.4 Such vacancies shall be filled on the basis of qualification for the vacant post.
 - 13.1.5 Exceptions to this procedure shall be the position of Superintendent, governmental projects which require designee upon application for the grant and similar positions which from time to time shall be determined by the Board to be immune providing that such decisions of immunity are grievable.
- 13.2 Non-Renewed Teachers
- Non-renewed teachers will be given priority consideration for rehire to positions for which they are qualified and if their evaluations are satisfactory until their current contract expires. Priority consideration shall mean that all qualified non-renewed teacher applicant files will be reviewed and at least two (2) such teachers will be interviewed if that many apply.
- 13.3 Limited Contract Teachers
- Pay for limited contract teachers shall be as per step and level of the salary schedule, and they shall be eligible for all other fringe benefits. Limited contract teachers shall receive one year of experience credit for each consecutive year they teach under a limited contract, provided the teacher is contracted for one semester or more. In addition, if they meet the requirements of the Teacher Employment, Compensation and Dismissal Act they shall be placed on non-probationary status.
- 13.4 Teaching interns are described as non-district employees teaching in positions for less than full salaries in conjunction with college or university programs in order to earn hours towards degrees and/or certifications/licenses. Teaching interns as defined herein shall be limited to positions which are temporarily vacated by certificated/licensed staff on one year leaves of absence and the positions vacated by the persons currently referred to as "site coordinators".

ARTICLE 14

Personnel Appraisal System

- 14.1 The district and the Association recognize that the basic purpose of teacher evaluation is to advance professional excellence. The cycle of evaluation for teachers supports both growth and accountability. The district and the Association recognize the following purposes to be served by the Personnel Appraisal System – APEX – Advancing Professional Excellence.
- 14.2 APEX is the professional growth and performance system for teachers in Adams 12 Five Star Schools. APEX encompasses the components of Colorado’s Educator Effectiveness legislation and represents the district’s core values and beliefs of professional growth.
- 14.3 We believe high-quality reflective educators create high performing schools.
- 14.3.1 We believe in a growth mindset for all educators.
- 14.3.2 We believe professional relationships built on mutual respect and transparency enhance everyone’s practice and elevate our profession.
- 14.3.3 We believe reflective practice and professional collaboration make educators more effective.
- 14.3.4 We believe in continuous improvement rather than perfection.
- 14.4 The Educator Effectiveness Committee, comprised of multiple voices including teachers, district administrators, principals, community representatives and DTEA leadership representatives, is charged with development and refinement of the APEX system. The APEX guide is available on-line and includes guidance for implementation, procedures, timelines, sample documents, resources and frequently asked questions.
- 14.5 Each school location shall make available five (5) paper copies of the APEX guide.
- 14.6 APEX Process Dates for the 2019-2020 School Year

January 31, 2020	Completion of Mid-Year Conversation
May 8, 2020	Completion of End-of-Year Conversation and Final Effectiveness Rating

14.7 Performance Cycle – Minimum Requirements

14.7.1 Self-Assessment – All teachers shall complete a self-assessment as part of the performance appraisal process. The teacher may at his or her discretion share the self-assessment with their respective evaluator. Teachers are highly encouraged to share the self-assessment as part of professional self-reflection and collaboration in the appraisal process.

14.7.2 The on-line performance evaluation system (RANDA) shall ensure that:

14.7.2.1 Probationary Teachers – Probationary teachers receive at least two documented observations and one evaluation that results in an on-line written evaluation report each academic year. Probationary teachers shall receive the written evaluation report including Professional Practices Standards and available data through the Measures of Student Learning at least two weeks before the last class day of the school year. Probationary teachers retained may receive a revised final evaluation in the first quarter of the following school year when all measures of student learning are available.

14.7.2.2 Non-Probationary Teachers – Non-probationary teachers receive at least one documented observation each year and one evaluation that results in an on-line written evaluation report each academic year. Non-probationary teachers shall receive the written evaluation report once all measures of student learning are available. The final evaluation may not be completed until the first quarter of the following school year when all assessment data is available.

14.7.3 The annual evaluation report generated through the on-line RANDA system shall:

14.7.3.1 Be in writing;

14.7.3.2 Contain a written Professional Growth Plan that shall be specific as to what improvements are needed and shall clearly set forth recommendations for improvements, including recommendations for additional education and training;

14.7.3.3 Be specific as to the strengths and weaknesses in the performance of the individual teacher being evaluated;

14.7.3.4 Specifically identify when a direct observation was made;

14.7.3.5 Identify data sources; and

14.7.3.6 Be discussed and completed through the on-line system by the evaluator and the teacher being evaluated. The teacher shall have access to the system to print a copy of the completed evaluation.

14.8 Professional Growth Plan

14.8.1 A written Professional Growth Plan, as part of the on-line APEX system, is a means of documenting areas for further refinement and improvement of professional skills. Through the process of collaborative performance conversations, the objective is for the teacher and evaluator to discuss and document areas for growth and improvement to be included as part of the next performance cycle.

14.9 Remediation Plan

- 14.9.1 A remediation plan is required when there are identified performance concerns that result in a rating of “Ineffective” or “Partially Ineffective”. The teacher whose performance evaluation includes a remediation plan shall be given an opportunity to improve his or her effectiveness through the implementation of the plan. If the next performance evaluation shows that the person is performing effectively, no further action shall be taken concerning the original performance evaluation. If the evaluation shows the person is still not performing effectively, he or she shall receive written notice that his or her performance evaluation shows a rating of ineffective, and a copy of the documentation relied upon in measuring the person’s performance and identification of deficiencies.
- 14.9.2 The performance evaluation system shall also ensure that the standards and criteria identified in the rubrics are available to all teachers in writing through the on-line system and are communicated and discussed by the teacher being evaluated and the evaluator prior to and during the course of the evaluation.
- 14.9.3 The electronic sign-off on the report of any teacher shall not be construed to indicate agreement with the information contained in the evaluation report. If the teacher being evaluated disagrees with any of the conclusions or recommendations made in the evaluation report, the teacher may attach any written explanation or other relevant documentation that the teacher deems necessary.
- 14.9.4 The final evaluation report shall be reviewed by a supervisor of the evaluator, whose review shall be documented and reflected in the on-line system and evaluation document.
- 14.9.5 The non-probationary teacher who objects to a second consecutive Performance Evaluation rating of “Ineffective” or “Partially Ineffective” has an opportunity to appeal that rating. See APEX Guide – Appeal Process for Non-Probationary Teachers.

14.10 Miscellaneous Provisions

- 14.10.1 A foundation for the APEX system is one of mutual respect and transparency. It is expected that all observations of the work performance of a teacher shall be conducted in an open and professional manner and with full knowledge of the teacher. The use of audio/video recording equipment to document the delivery of instruction for the purpose of a collaborative performance conversation shall be subject to mutual agreement between the evaluator and teacher. Deliberate eavesdropping and the use of the public address, audio/video systems, and similar devices for eavesdropping shall be prohibited.

14.11 Required Formal Observation(s) – Follow-Up Conversation

- 14.11.1 The APEX system is designed to promote continuous feedback throughout the evaluation cycle. In order to comply with minimum formal observation requirements, it is important for feedback to be timely. For formal observations, evaluators shall hold a conference (face to face) with the teacher within five (5) school days of each required formal observation and/or evaluation. The follow-up conversation may be delayed through mutual agreement between the teacher and evaluator.

14.11.2 The on-line system allows for conversations to take place through RANDA. Evaluators may engage in on-line conversations through reflective questioning and by providing clarity for the teacher. Face to face conversation is important when the evaluator has performance concerns.

14.12 Appeal Process – Non-Probationary Teacher

14.12.1 The following requirements shall apply to the appeal process for a non-probationary teacher to appeal a second consecutive Performance Evaluation Rating of “Ineffective” or “Partially Ineffective”. For purposes of the appeal process, a rating of ineffective and a rating of partially effective carry the same consequence. A teacher shall lose non-probationary status after receiving two consecutive ratings of either ineffective or partially effective.

14.12.2 The appeal process shall allow for a final determination of the appealing teacher’s Performance Evaluation Ratings and a final determination of whether that teacher retains non-probationary status; it shall not serve the purpose of determining employment and/or termination.

14.12.3 The appeal process shall be voluntary for the teacher and initiated only if the teacher chooses to file an appeal. The appeal process shall allow the non-probationary teacher to appeal the rating of ineffectiveness to the Superintendent or designee and shall place the burden upon the non-probationary teacher to demonstrate that a rating of “Effective” was appropriate.

14.12.4 The teacher whose performance is deemed to be ineffective or partially effective shall receive written notice through the on-line RANDA system that his or her performance evaluation shows a rating of ineffective or partially effective. A copy of the documentation relied upon in measuring his or her performance and identification of deficiencies shall also be included.

14.12.5 The appeal process timeline shall begin on the date that the teacher receives a second consecutive Performance Evaluation Rating of ineffective or partially effective. The teacher shall file a written notice of appeal with the Human Resources Department within fifteen (15) calendar days after receiving his or her rating. The appeal process shall conclude no more than forty-five (45) calendar days after he or she receives the Performance Evaluation Rating.

14.12.6 These time requirements may be waived by mutual agreement of both the teacher and the district.

14.12.7 APEX Review Panel

14.12.7.1 The APEX Review Panel shall serve in an advisory capacity to the Superintendent or designee. The Superintendent or designee shall be the final decision-making authority in determining the teacher’s final Performance Evaluation Rating.

14.12.7.2 The APEX Review Panel shall be comprised of members who were not directly involved in the evaluation process for the appealing teacher.

- 14.12.7.3 The selected APEX Review Panel members and alternates shall be trained so as to ensure credibility and expertise of the panel members. The panel shall be comprised of three (3) teachers selected by the Association and three (3) administrators selected by the district. No more than six (6) panel members shall comprise the panel.
- 14.12.7.4 The appealing teacher shall be given the opportunity to address the review panel and provide evidence to the review panel in person or in writing. The review panel shall review any written information provided by the appealing teacher prior to the meeting to render a recommendation.
- 14.12.7.5 The APEX Review Panel may invite the teacher or the teacher's evaluator to present in person or in writing where clarification is necessary; however, the teacher and evaluator shall have the right of refusal without prejudice.
- 14.12.7.6 In order to overturn a rating of ineffective or partially effective, the panel must unanimously find that the rating of ineffective or partially effective was inaccurate. If the review panel is not unanimous, they shall submit the majority opinion and minority opinion to the Superintendent or designee.
- 14.12.7.7 The teacher is permitted to appeal the second consecutive Performance Evaluation Rating of ineffective or partially effective. The teacher filing an appeal shall include all grounds for the appeal within a single written document. Any grounds not raised at the time the written appeal is filed shall be deemed waived.
- 14.12.7.8 The grounds for an appeal shall be limited to the following:
- The evaluator did not follow evaluation procedures that adhere to the requirements of statute, rule and master agreement, and that failure had a material impact on the final Performance Evaluation Rating that was assigned (e.g., an observation was never completed or feedback was never shared with the teacher); and/or
 - The data relied upon was inaccurately attributed to the teacher (e.g., data included in the evaluation was from students for whom the teacher was not responsible).
- 14.12.7.9 Other considerations:
- Any documents and/or proceedings related to the appeal process shall be confidential.
 - The Superintendent or designee shall be the final decision-making authority in determining a teacher's final Performance Evaluation Rating and whether a non-probationary teacher shall lose his or her non-probationary status. The Superintendent or designee shall provide a written rationale for the final determination.
 - The appeal process shall be the final determination in regard to the final Performance Evaluation Rating and loss or retention of non-probationary status. There is no appeal of the final decision.

14.12.7.10 If the Superintendent or designee determines that a rating of ineffective or partially effective was not accurate but there is not sufficient information to assign a rating of effective, the teacher shall receive a “no score” and shall not lose his or her non-probationary status. However, if in the following academic school year that teacher receives a final Performance Evaluation Rating of ineffective or partially effective, this rating shall have the consequence of a second consecutive ineffective rating and the teacher shall be subject to loss of non-probationary status. The teacher may choose to file an appeal.

Beginning September 1, 2019 the stipend shall be \$86,242.50. In all cases one-fifth (1/5) of the stipend shall be paid out in an annual payment over five years. Notice of resignation/retirement must be given to the district in writing two (2) months prior to the effective date of the resignation/retirement to qualify for such stipend.

Teachers hired prior to January 1, 2007 who have less than twenty (20) years continuous service but at least thirteen (13) shall be entitled to one-half (1/2) the above stipend upon resigning from the district.

NOTE: Teachers hired prior to January 1, 2007 who chose to participate in the One-Time Opt-Out Certified Compensation Stipend on or before February 28, 2007 are not eligible for the benefit described in 20.1 and will continue to receive \$1,000 annual additional compensation as long as they maintain continuous service as a certified employee with the district.

Continuous service as used in this article shall not be deemed interrupted by approved leaves of absence. A person who takes an approved leave in year thirteen (13) or year twenty (20), other than a medical leave, shall meet with the Chief Human Resources Officer or his/her designee and the DTEA President or his/her designee in order to determine eligibility and approval for the certified compensation stipend.

Eligible teachers may choose to have the first stipend payable during the first regularly scheduled payroll of the subsequent new year or no sooner than sixty days after the end of the teacher's contract or date of separation from the district. All subsequent payments shall be made within a week of the anniversary date of the first payment. The choice of payment option as stated above shall be made by the teacher when separation from employment is requested.

If a teacher dies before the certified compensation stipend is fully paid, the remainder due will be paid in annual installments to his/her beneficiary.

20.2 Certified Compensation Stipend 110/110 Option

Teachers who are eligible for the full certified compensation stipend, who hold an effective or better performance rating on their most recent evaluation and who, with the district's consent, enter into a 110/110 program under PERA guidelines upon separation of employment shall receive a 70% payout (\$60,369.75 in five equal annual installments) of the certified compensation stipend in lieu of the full certified compensation stipend described in Article 20.1. Eligible teachers wishing to participate in this program must submit the appropriate form(s) to Human Resources no later than April 1st of the prior school year. Modification or continuation of the 110/110 plan is subject to any applicable change in PERA rules, regulations or guidelines that require a modification or otherwise restrict continuation of the 110/110 plan. The teacher's assignment, salary, benefits and other working conditions will be the same as what the teacher would have received had the teacher not chosen to participate in the 110/110 plan.

Eligible teachers may choose to have the first stipend payable during the first regularly scheduled payroll of the subsequent new year. The four subsequent annual payments shall be made within a week of the anniversary date of the first payment. The choice of payment option as stated above shall be made by the teacher when separation from employment is requested.

Incremental credit shall be awarded for college courses taken for no credit if the instructor provides a statement of successful completion. This credit shall be equivalent to the college credit offered for the course. Online, correspondence and/or audio courses from accredited institutions may be submitted to Intermediate Hours Board (IHB) for approval.

21.2 The teacher must receive a letter grade average of "B" or better in each course taken in order for it to be counted. In courses in which letter grades are not given, a "Pass", "Satisfactory" or "Credit" grade for the course must be obtained in order for it to be counted.

21.3 The Intermediate Hours Board (IHB) may approve request for intermediate salary credit. This board shall consist of three (3) teachers, serving staggered terms, elected or selected by the Association. A liaison from the Human Resources Department shall assist the board. The board may also adopt guidelines to be administered by the Chief Human Resources Officer. The decision of the board shall be binding. However, a teacher may appeal the board's decision to a committee consisting of three (3) teachers selected by the Association and one (1) staff member selected by the district's department of Professional Development.

21.4 Courses taken in Adult Education Programs shall be granted credit if such courses relate to the criteria listed in 21.1. 21.5 District in-service credit shall be issued on a ratio of one-half (1/2) quarter hour of credit for every five (5) through (9) contact hours, and one (1) quarter hour of credit for each ten (10) contact hours of participation time. Credit shall be granted regardless of funding source. No in-service credit shall be granted if the district assumes the full cost of the course and releasing

the teacher from regular teaching/school responsibilities. Should the in-service involve both district-paid released time and the teacher's own temporary leave time (see 22.1.2.5) and/or non-contracted time, in-service credit shall be granted proportionately.

21.5.1 Professional development courses that require a practicum component shall have such hours count as class contact time.

21.5.2 When an individual teacher is required or mandated as part of an identified and documented performance need by a school administrator to attend an in-service or class during contract time, the school shall assume the full cost of the course and the cost of coverage to release the teacher from regular teaching/school responsibilities. A teacher shall not be required to use his/her own temporary leave time to attend a mandated or required in-service or class during contract time. The teacher shall receive IHB credit for attending any required or mandated in-service or class.

21.6 Objectives for the non-district educational experience as they relate to your teaching assignment must be submitted to the IHB in advance of the experience. Objectives and credit to be given shall be evaluated and determined by the IHB. Credit shall be awarded upon receipt of a statement of completion of the project study.

21.7 Foreign travel/study experience must have an educational objective and be designed to broaden the teacher's resources for teaching children. Foreign travel must relate directly to the teacher's current assignment or certification/licensure endorsement. 21.8 After the teacher's appropriate initial horizontal placement by the district on the salary schedule, the teacher has up to ninety (90) days to provide the district additional official transcripts and/or documentation earned prior to the first day of employment to support further salary advancement. This shall be retroactive to the teacher's contract date.

21.8.1 A teacher who submits documentation to the district of dual degrees conferred on the same date shall be placed on the salary schedule at the BA level. The employee shall provide the district with documentation that identifies the minimum number of hours/courses required for the first degree in order to determine the number of hours beyond the first degree.

ARTICLE 22

Temporary Leave

22.1 Each full-time teacher shall be granted eleven (11) days of temporary leave per year at the beginning of the school year. Days shall be provided on a pro-rata basis determined by the start date if it is after the beginning of the school year.

22.1.1 A part-time teacher shall be granted temporary leave days on a pro-rata basis determined by the start date and the part-time teacher's contractual service as it relates to a full-time teacher's contract. For purposes of this article only, a part-time teacher shall mean a teacher who works less than 184 days in a school year or who has less than a full-time assignment.

22.1.2 Of the eleven (11) temporary leave days per year, the unused portion of the first five (5) days is reimbursable in the July paycheck following the end of the school year or when the teacher's contract is terminated, if that is earlier, at the standard substitute teacher rate. Part-time teachers' reimbursable temporary leave shall be calculated on a pro-rated basis.

REIMBURSEMENT SCHEDULE

DAYS USED	DAYS LEFT*	REIMBURSABLE DAYS	REIMBURSEMENT
0	11	5	5 DAYS SUB RATE
1	10	4	4 DAYS SUB RATE
2	9	3	3 DAYS SUB RATE
3	8	2	2 DAYS SUB RATE
4	7	1	1 DAY SUB RATE
5	6	0	0

*IF SICK LEAVE BANK DONATION REQUIRED SEE 22.1.2.2

The reimbursable temporary leave days shall not exceed five (5) days nor shall they be accumulated or carried over from one year to the next if they are actually reimbursed. A teacher may elect through written notification to the Chief Human Resources Officer before April 15 to be reimbursed for such days. In that event, those days accumulated or carried over would revert to forty percent (40%) per diem days according to 22.3. The remaining six (6) temporary leave days can be accumulated and reimbursed in accordance with 22.3. Further, the five (5) reimbursable days shall be deducted first each year.

22.1.2.1 Temporary leave may be used for the illness/disability of the teacher, dental work of the teacher, adoption (not to exceed six weeks), illness or death in the immediate family or household, religious holidays, employee's business, leave for the purpose of improving classroom instruction, or other personal reasons. In cases other than emergencies, professional preparations must precede the use of planned leave and the teacher shall notify the principal/administrator of the school/unit when planned leave exceeds three (3) consecutive school days. When the planned leave exceeds three (3) consecutive school days,

teachers shall give prior notification equal to the number of planned leave days (five {5} days planned leave = five {5} school days prior notification). The teacher may choose to notify via e-mail, voice mail, face-to-face or memo. The principal/administrator shall not comment, inquire, or question orally or in writing any teacher on use of their leave days.

22.1.2.2 When teachers are required to contribute a day to the Sick Leave Bank under any of the provisions of Article 23, such days will not be subtracted from the days reimbursable at the standard substitute teacher rate, but will rather be subtracted from the days that can be accumulated and reimbursed under 22.3.

22.1.2.3 All current eleven (11) temporary leave days granted at the beginning of each school year must be used prior to using previously accrued days.

22.1.2.4 Accrued temporary leave days may be used only for illness or disability of the teacher, dental work of the teacher, serious illness or death in the immediate family or household, adoption (not to exceed six weeks), religious holidays, other employee's business (such as real estate closings, court appearances, weddings and graduations in the immediate family or household, legal proceedings, financial/economic transactions) that cannot be taken care of outside the normal school day, and leave for the purpose of improving classroom instruction.

22.1.2.4.1 In the event that a teacher has exhausted his/her current and accrued temporary leave and a death occurs in his/her immediate family, the district shall grant up to five (5) additional temporary leave days paid by the teacher at the current substitute teacher rate. The amount will usually be automatically deducted from the teacher's next scheduled paycheck based upon discussion between the Chief Human Resources Officer and the affected teacher.

22.1.2.5 A teacher may use his or her temporary leave for approved professional improvement; when doing so the days used shall be deducted from that teacher's accrued temporary leave days or from those days which are accruable. They are not to be deducted from the current annual five (5) reimbursable days, unless the teacher so directs.

22.1.3 Temporary leave will continue to accrue up to a maximum of 180 days.

22.1.4 If a teacher terminates employment or takes an approved leave of absence under this Agreement before the end of the school year, and has used more than a pro-rata entitlement of temporary leave for that school year, leave days will be deducted first from the teacher's prior accumulated temporary leave, if available. Any remaining obligation will be deducted from the teacher's last paycheck at the rate of 1/184th of the teacher's salary.

22.1.5 Leave for employee's business is normally limited to one (1) day at a time. Teachers needing successive days of leave for employee's business must submit a written notification on a form provided by the district to the building principal at least two (2) school days prior to the occurrence of the leave whenever possible. In cases where

extraordinary educational hardships will result, it may be necessary to postpone the use of successive employee's business days.

22.1.6 The Board may require a doctor's verification of illness if evidence is provided that the illness provision of this Article is being abused. If the illness is not verified by written statement the day or days will be deducted from the teacher's next paycheck at the rate of contracted salary divided by the number of school days for each day taken.

22.1.7 Immediate family shall include father, mother, son, daughter, brother, sister, husband, wife, grandparents, grandchildren, father-in-law, mother-in-law, son-in-law, daughter-in-law, brother-in-law, sister-in-law, aunt and uncle, nieces, nephews, step/foster/adopted/blended family members.

22.2 When the teacher/district becomes aware of conditions of employment which endanger the life of the teacher or his/her family (limited to fifth disease, rubella, mumps, cytomegalovirus-CMV), the teacher may choose to use his/her temporary leave days or be temporarily reassigned by the district as a substitute teacher for the specific period of endangerment as determined and communicated to the district by the teacher's doctor.

22.3 Each day of accumulated temporary leave shall be reimbursed upon termination of contract at the rate of forty percent (40%) of the teacher's current per diem salary per day. The maximum number of reimbursable prior accumulated temporary leave days at this rate shall be 180. The teacher has the option to elect to receive the payment in a lump sum upon termination of contract or in three (3) annual payments beginning upon termination of contract. In the event the teacher does not elect either option, the payment shall be made in a lump sum.

22.4 If a teacher should die while under contract, unused temporary leave shall be included in the last paycheck according to Article 22.3.

22.5 After payment of an insurance company settlement, a teacher may buy back up to twenty (20) of the temporary leave days he/she used during the time period covered by the settlement at the current standard substitute teacher rate.

22.6 Temporary leave time previously arranged will not be deducted in the event of a delayed start or closure due to inclement weather or other circumstances resulting in closure. This does not apply to approved unpaid leaves of absence.

ARTICLE 23

Sick Leave Bank

The purpose of the Sick Leave Bank is to provide a continuation of salary and benefits during times of serious, chronic illness or disability after the required number of temporary leave days has been used.

23.1 General Provisions

23.1.1 Effective 2001-2002 school year, all current district teachers and new hires shall automatically belong to the Sick Leave Bank unless the teacher completes the district form indicating their desire not to belong to the Sick Leave Bank. Teacher(s) may reverse this decision within a seven (7) school day time period. After this time period the decision is permanent.

23.1.2 Each teacher in the bank shall donate one (1) day of his/her temporary leave to the bank at the beginning of each school year.

23.2 Accounting and Balancing

23.2.1 The district shall provide an annual accounting of hours donated and used no later than March 1 for the previous twelve (12) month period. The bank shall balance annually to zero or a positive balance.

23.2.2 If the number of hours donated is less than the number of hours used, the district and the Association shall meet to:

- Review Sick Leave Bank guidelines to discuss modifications through mutual agreement, and
- Review Sick Leave bank contract language and make recommendations to the bargaining team.

23.2.3 Through mutual agreement, the district and the Association shall determine the need for members of the Sick Leave Bank to contribute additional hours for the following school year. The required additional contribution by Sick Leave Bank members may be directed in blocks of time (Example: 1 hour or 2 hours, 3 hours, 4 hours, 6 hours or more) to balance the hours in deficit from the previous annual accounting.

23.2.4 For years when the annual reconciliation nets a positive balance outcome, those hours shall be confirmed and held to be applied in a future year to offset a negative balance.

23.3 If a member has ten (10) or more school days within the current school calendar year of the same/related illness or disability and has ever worked at least one (1) contract day and maintained continuous employment as a teacher, he/she may apply to the Sick Leave Bank. Days granted from the Sick Leave Bank may be used only after the member's own temporary leave is depleted or thirty (30) of the employee's temporary leave days are used, whichever comes first. Under no circumstances shall Sick Leave Bank days be granted before ten (10) days of the employee's temporary leave days or leave without pay are used.

23.3.1 When use of days depletes the teacher's accumulated leave, the teacher may borrow one day for each month remaining in the school year from his/her next year's leave allocation up to a maximum of four (4) days. Appropriate leave forms must be submitted. Before an extended leave of absence is granted or when employment is terminated, all borrowed leave time must be repaid to the district.

- 23.4 Sick Leave Bank days may be granted in forty-five (45) contract day increments up to a total of ninety (90) contract days each year. Re-application including Leave of Absence Request Form and physician's statement shall be submitted to the Sick Leave Bank board through the Benefits Department for approval every forty-five (45) contract days. Following the use of ninety (90) days from the Sick Leave Bank, an additional forty (40) contract days may be requested from the Sick Leave Bank, for the treatment of the same extreme illness and/or injury by the employee.
- 23.4.1 After the ninety (90) contract day period, if eligible, the employee shall apply for short term disability through Colorado Public Employees Retirement Association (PERA) program. Proof of application must be provided at the time of the re-application. If the teacher has been determined to be eligible for PERA short term disability after use of one hundred thirty (130) total Sick Leave Bank days, Sick Leave Bank benefits shall no longer be available to such teacher. If the teacher has been determined to be ineligible for PERA benefits, the teacher may be approved for further Sick Leave Bank benefits, subject to meeting established Sick Leave Bank requirements.
- 23.5 A teacher withdrawing sick leave days from the Bank shall not have to replace these days.
- 23.6 Sick leave days can only be withdrawn from the Bank for illness of the teacher.
- 23.7 To request use of sick bank days, teacher must submit the appropriate completed forms including the Certification of Health Care Provider form to the Human Resources Department. The district shall keep medical information separate from personnel files.
- 23.7.1 Any special provisions or rules the Sick Leave Bank Board deems necessary in order to administer this plan must meet the following provisions:
- 23.7.1.1 All changes from existing policies must be approved by the executive team of the Association before implementation.
- 23.7.1.2 All teachers who are members of the Sick Leave Bank shall be informed of any changes.
- 23.8 The Association shall relieve the school district, its board members, agents, and employees of any financial exposure due to enforcement of the provisions of this Article 23. In the event of any claim arising under or pursuant to the provisions of this Article 23, the Association shall bind itself to pay any expenses, costs, fees, obligations, or losses of any kind which may arise in connection with any phase of said claim. Provided, however, that the district and the Association shall be jointly liable in those cases where the liability is caused by the district's failure to provide all personnel information necessary to a claim in an expeditious manner.
- 23.9 Employees on short-term disability (STD) leave as approved by PERA may, at their discretion, elect to use up to 25% of their accumulated temporary leave during the term of the short-term disability, until such time as their accumulated temporary leave is exhausted or they elect to discontinue use of such leave. During such period, the employee shall receive from the district the difference between 85% daily salary and amounts received from PERA attributable to short term disability, and an equal district pro-rated contribution toward benefits.
- 23.9.1 The employee shall only receive a supplemental salary payment equivalent to their respective FTE status at the time of illness or disability and not to exceed a regular full-time FTE.

ARTICLE 26

Class Size/Case Load

- 26.1 The Association and Board of Education recognize that maximum attention to the students by the teacher is desirable to ensure the high quality of education that is the goal of both the Association and the Board of Education. It is also acknowledged that the primary duty and responsibility of the teacher is to teach and that the organization of the school, the school day, and the assignment of students to classes should be directed toward ensuring that the energies of the teacher are primarily utilized to this end. Whenever a district resource teacher is requested, provided or assigned, that district resource teacher shall assist with assessment, implementation, monitoring, modeling and providing follow-up services for affected building staff and students.
- 26.1.1 To address class size/case loads following the authorized state count time frame (October count) the district shall allocate FTEs based upon student growth from the previous October count.
- 26.1.2 The class size/case load committee shall consist of the Chief Human Resources Officer, Director of Special Education, Executive Directors of School Services, and the Association President. The committee shall determine expenditure of the committee's funds to address class size/case load concerns.
- 26.2 At the elementary level, specials teachers' class size shall not exceed the highest number of students in any one class per grade level. A specials class may exceed the highest number at that grade level only as an exception to meet individual student need(s) or on a school-by-school basis with direct involvement from affected teacher(s), building administration, and Association President or his/her designee on an annual basis.
- 26.3 The number of pupils assigned to any classroom shall not exceed the capacity of the teaching facilities with adequate aisle space, storage room, display space, safety considerations, and interest and work centers also considered. Imbalances or overloads in class size including consideration of individual student needs shall be dealt with as follows:
- 26.3.1 At any time during the school year the teacher may refer the problem to the building principal and/or, in case of a special education overload, the appropriate program director for resolution. Specific information regarding the overload or the imbalance creating the problem shall be provided by the teacher. The Association shall provide an appropriate data collection form, known as the class size/case load imbalance form, for teachers to use in documenting the class size/case load problem. A copy of the form shall be sent to the association president, executive director of human resources, and provided to the building principal. In cases of special education/needs, a copy of the form shall also be sent to the appropriate program director.
- 26.3.1.1 No later than one (1) week from receipt of the original notification, the teacher shall be notified of the plan for disposition. Unless there are circumstances beyond the district's control, action shall be fully implemented within three (3) weeks.
- 26.3.1.2 If the teacher is not satisfied with the proposed resolution, he/she may refer the matter, either through the building principal or directly, to the Superintendent or his/her designee.

26.3.1.3 The Superintendent or his/her designee shall investigate the problem with input from the teacher, the principal, the Executive Directors of School Services and the Association President. Unless there are circumstances beyond the district's control, the resolution of the problem shall be made by the Superintendent or his/her designee within one week.

26.3.1.4 Should the resolution not be acceptable at that point it may be referred to the Superintendent.

26.4 The district shall monitor class sizes and caseloads throughout the district and initiate discussions to determine what relief would be necessary. The district and Association recognize the importance of pre-kindergarten through third grade education as the foundation for future success.

26.5 Input given by the Association president regarding his/her concerns pertaining to problems in class size shall be considered. It is agreed that an effort to resolve any problem should first be made at the building level.

26.6 By the end of the first week of each individual school year, the Superintendent or his/her designee shall distribute to all teachers a letter delineating a process teachers may follow when they feel placement of a special education student is inappropriate.

26.7 The district shall publish face-to-face class size data for each school and the district on a class-by-class basis, including specials classes, between October 1 and October 15 and again between February 1 and February 15 and provide information to each school and to the Association President. The data submitted to Human Resources for publication shall be verified by each building principal and respective classroom teacher(s).

26.8 In addition to the procedure to handle immediate class size or case load problems (Articles 26.1, 26.2, 26.3 and 26.4), the district shall establish an advisory committee for transfers resulting from enrollment imbalance or boundary changes.

26.8.1 There will be two (2) elementary teachers, one (1) middle school teacher, and one (1) high school teacher to be appointed by the Association president.

26.8.2 This committee shall meet at the call of the Chief Human Resources Officer or whenever two or more of the members of this committee call for a meeting.

ARTICLE 27

- 27.1 The Board of Education and the Association acknowledge that a teacher's primary responsibility is to teach and that his/her energies should, to the extent possible, be utilized to this end. Therefore, non-teaching duties shall be kept to a minimum consistent with the definition of school week in Section 1.8.
- 27.1.1 The district realizes that curriculum development, professional development, developing instructional objectives and building master plans; supervision in non-instructional situations; organizations, preparation, implementation and/or evaluation of new and existing programs and goals, are time-consuming and therefore will make every effort to provide sufficient time to conduct such activities.
- 27.1.1.1 District-wide in-service training shall directly support and be designed and differentiated to enhance a teacher's primary teaching assignment and district/school goals in support of student achievement.

- 27.2 Every effort should be made by the principal to restrict non-teaching duties to activities which are essential to the effective implementation of a normal school program. Such duties should be distributed as equally as possible among the building staff as the situation will allow.
- 27.2.1 The district shall compensate teachers who voluntarily agree to perform a leadership position beyond the regular school week's work, as defined in Article 1.8 of this Master Agreement. Teachers shall not be required to perform leadership duties without compensation as outlined in 27.2.5.
- 27.2.2 The specific leadership positions to be compensated shall be determined by the principal with the input of the FAC, with final approval by the Superintendent.
- 27.2.3 Specific responsibility for each leadership position will be mutually agreed to by the teacher and the principal (or his/her designee) prior to the commencement of the

leadership activities. Compensation shall be paid in ten (10) equal installments. In the event that responsibilities are not fulfilled teachers will be paid a prorated amount.

27.2.4 Schools shall be funded at the following percentages of base salary: elementary, alternative, and career and technical, forty percent (40%); K-8 and middle schools, forty-seven percent (47%); high school and student services, fifty-five (55%). Funding is to be utilized solely for compensation of leadership positions.

27.4 The Board of Education and the Association agree that teacher attendance at student activities, while voluntary, does improve the morale of students. Complimentary district activity passes shall be made available to the schools; such passes shall then be available to teachers through the school office on a request basis to allow attendance at student activities of each teacher and one guest.

27.5 Teachers shall have within the student contact day planning periods totaling at least 225 minutes per week excluding the building scheduled lunch period. No block of planning time shall be less than twenty-five (25) minutes. The student contact day is defined as the time students are actually scheduled to be in attendance in school. 27.6 Teachers shall be granted at least thirty (30) minutes of uninterrupted time for the purpose of eating lunch (aligned with scheduled student lunches) exclusive of passing periods. This shall not be construed to mean an average, but instead, means each and every day. Involuntary loss of lunchtime shall be compensated as established in 27.8.

27.7 In any year in which the district offers weekly early release days, these early release days are designated to meet staff (teachers and administrators) needs, and shall be differentiated to meet the unique learning needs of teachers at various stages/phases of their professional development within their primary teaching assignment when appropriate. 27.7.2 When necessary, early release time shall be given to staff to complete mandated state and district surveys.

- 27.7.3 Mandatory training which exceeds by thirty (30) minutes the established school week as stated in Article 1, Section 1.8, or which exceeds by thirty (30) cumulative minutes per month shall be paid at the individual teacher's per diem salary unless equivalent time is provided within one month's time.
- 27.8 Supervision of another teacher's class shall be reimbursed at the rate \$34.00 per hour. Coverage, substitutes, and/or compensation shall be provided for team/core teachers in a manner equitable with other classroom teachers. If a teacher's current assignment is being continually impacted for class coverage, the building administration shall make all reasonable efforts to seek other appropriate coverage.

- 27.12.2 Teachers who are required to travel to another school/unit in addition to their full-time assignment shall have their FTE status increased in proportion to the amount of time required for travel.
- 27.13 The district shall provide full and adequate coverage for all elementary level media specialists' lunch and planning periods.
- 27.14 All newly hired teachers shall be paid their per diem rate for two (2) orientation days prior to the contract year, stipulated in Article 1.7.

- 28.2 At the time a disciplinary suspension is initiated, the teacher shall be verbally advised of the right to be accompanied by an Association representative or another teacher of his/her choice if that chosen representative or teacher is available within a reasonable amount of time not to exceed one school day from the time of the verbal advisement.
- 28.3 When discipline is imposed, the teacher may file a grievance directly at Level Two of the grievance procedure. The Board shall place the certified/licensed employee on the step of the salary schedule appropriate to the number of years taught in the situations mentioned above. The employee will then advance on the salary schedule in the normal manner.

F. Compensation

A teacher who teaches a full-time assignment is paid 100% Master Agreement contract pay.

Secondary (middle and high school) teachers hired for less than a full-time assignment will be hired on a one-fifth (1/5) basis for each single class period taught. For example, a teacher

hired to teach more than one (1) single class period but less than two (2), will be hired on a two-fifths (2/5) contract. If the amount of time taught on a 2/5 contract is less than the time for two (2) single class periods, such time will be assigned according to the school's needs.

Through the recognized direction and authority of shared decision making, each secondary school (middle and high school) shall establish the length of a single class period at that school within the range of time from 47 to 57 minutes. The time established for the single class period at that school shall be applied uniformly and consistently to establish the time for blocks and cores.

Extra Classes

Teachers teaching more than 285 minutes or five (5) classes at the high school level, or middle school level, shall be paid pro-rata at the rate of sixteen percent (16%) of the teacher's current salary for each additional class assignment which is at least one quarter in duration. Teachers teaching this additional class or classes shall be charged only one (1) temporary leave day for each day absent. Prior to assigning a teacher under this provision, the building administrator shall consider appropriate volunteers.

Definitions

Single class period: A single class period, traditionally referred to as a class that meets for a period each day, has a range of time from 47-57 minutes.

Block: A block is a maximum time of two single class periods. Such time includes any given student break(s).

Core: A core is equivalent in time to two (2), three (3) or more single class periods.

Full-time Assignments

A full-time assignment at the secondary level (middle school and high school) is a minimum of 235 instructional minutes and a maximum of 285 instructional minutes, or five single class periods or combinations of single class period(s), block(s) and/or core(s) which are equivalent to five single class periods. Some examples are:

- a. 5 single class periods
- b. 1 single class period + 2 blocks
- c. 3 single class periods + 1 block
- d. 2 single class periods + 1 core (when core is equivalent to three single class periods)
- e. 3 single class periods + 1 core (when core is equivalent to two single class periods)
- f. 1 single class period + 2 cores (when core is equivalent to two single class periods)
- g. 3 blocks + 2 blocks alternating by semester, quarter, week or day. (The average over one school year is equivalent to teaching five single class periods.)
- h. 3 to 5 incremental time periods, not necessarily equal in minutes, that total no more than 285 minutes.

A class scheduled for more than the time established for the single class period or a teacher teaching more than 285 instructional minutes at that school shall be an exception, as approved by the Chief Human Resources Officer and the Association President, to meet special school needs such as busing or lunch schedules. No additional pay shall be provided if such increased time is less than 21% of the established single class period for that school. For example, no additional pay would be provided for teaching a total of ten (10) extra minutes when the established single class period is 50 minutes.

Non-teaching duties such as passing time and advisory are not counted as part of the total instructional minutes, single class period, block or core.

Specific assignments such as released periods for department chairpeople shall be considered a single class period.

The following table is applied when teaching more than a full-time assignment (see examples, Full-time Assignments). This table shall be applied to each single class period or additional teaching assignment beyond the full-time assignment.

Percentage of Single Class Period Time		
0 20%	21..... 50%	51 100%

Percentage of Additional Compensation		
0%	50% of compensation (8% of salary)	100% of compensation (16% of salary)

Teaching beyond the full-time assignment by 21% to 50% of the established length of the single class period shall be paid pro rata at the rate of eight per cent (8%) of the teacher's current salary.

Teaching beyond the full-time assignment by 51% to 100% of the established length of the single class period shall be paid pro rata at the rate of sixteen percent (16%) of the teacher's current salary.

The basis for computing additional compensation for teaching more than five classes shall be the time established at that school for five single class periods or the equivalent. (See third paragraph under "Compensation" and "Extra Classes" for more information.)

School Budget

Additional compensation for teaching more than a full-time assignment shall come from the school's budget. In cases of budgetary shortfalls, the district shall assume payment responsibilities and arrange for repayment from the schools.

11. National Certification

Speech/language, psychologists, social workers, counselors, motor therapists, nurses, deaf educators and vision specialists who have earned National Certification shall receive a one-time fifteen hundred dollar (\$1500) stipend. Teachers who have earned National Board for Professional Teaching Standards Certification shall receive a one-time three thousand dollar (\$3000) stipend. When documentation is received by Human Resources, on or before the last working day of the month, the stipend shall be paid the following month.

12. Middle School Outdoor Education

Teachers shall be compensated at 0.67% of base salary per person per night scheduled with students in the district Sixth Grade Outdoor Education Program. All classroom teachers who plan and are approved to teach the Outdoor Education Curriculum shall also be compensated according to the experience table in Appendix C, "Co-curricular Salary Schedule". Payment shall be in one installment the next pay period after completion of the activity.

13. Summer School

Teachers who voluntarily agree to teach summer school or teach a district-funded program beyond their school year district contract, as defined in Article 1.7, shall be compensated at the teacher's hourly per diem rate but not greater than the rate stipulated in Article 27.8. The district shall inform the teacher(s) as to his/her actual salary prior to the district summer school agreement signature.

Whenever possible, in the pursuit of an outside grant, compensation for teachers shall reflect the teacher's hourly per diem rate but shall not be greater than the rate stipulated in Article 27.8.

APPENDIX E

Recommendations

If there is a reduction at the department, grade level or team, probationary and non-probationary status and the number of years a teacher has been teaching in the district may be considered, except that these criteria may be considered only after the consideration of the criteria described in C.R.S. Section 22-9-106 and only if such consideration is in the best interest of the students enrolled in the district. Teachers within the identified department, grade level, team, or program shall be given an opportunity to volunteer for the necessary administrative transfer or reassignment providing they meet the educational needs of the open position. Any teacher who volunteers for reassignment shall be granted a mutual consent placement interview as described in Article 12.7 for any position in the district for which they apply and are qualified. In the event there are no voluntary requests, the teachers shall be selected utilizing the Appendix E Recommendations.

In the absence of voluntary requests, the principal shall make the decision as to which non-probationary teacher is transferred or reassigned through an interview process using a pre-determined point scale/rubric and the following list of criteria and suggested weighting:

- State Certification/Licensure – 5%
- Teaching Experience – 20%
- Education/Training – 10%
- Program Needs – 15%
- Most Recent Evaluation – 50%

Teachers participating in this process may have Association representation at any time.

If the program needs of the school necessitate a different weighting of the criteria (such as STEM/IB), then a redistribution of percentages must be determined and approved by Human Resources and the Association.

In the event of a tie, district seniority shall be the tie breaker.

Example:

<u>Point Scale</u> 1 – 5 (5 = best)	<u>State Certification / Licensure</u> (5%)	<u>Teaching Experience</u> (20%)	<u>Education / Training</u> (10%)	<u>Program Needs</u> (15%)	<u>Most Recent Evaluation</u> (50%)	<u>Total Score</u>
Example: Teacher A	5 points * .05 = .25	4 points * .20 = .8	3 points * .1 = .3	2 points * .15 = .3	5 points * .5 = 2.5	4.15

APPENDIX F

 - (c) Pre-approved graduate level courses, in instructional methodology and/or instructional management up to a maximum of fifteen (15) quarter hours may be applied if district resources are not available to offer the pre-specified classes. (Pre-approval means approval by the Intermediate Hours Board.) Post-approval by the Intermediate Hours Board may be granted for substantially identical classes from outside the district.
 - (d) The twenty (20) hours of credit required in (a), (b), and (c) above may be waived if the teacher agrees to secure endorsement in an area of need as specified by the district.

7. The anticipated courses will be offered as often as possible but at least one time each two years in either the Fall, Winter/Spring, or Summer Professional Development Programs providing there is a minimum enrollment of twelve (12) teachers.

MEMORANDUM OF AGREEMENT

SHARED DECISION MAKING

This document is an expression of trust. It seeks to explain the processes but is neither intended to limit discussions nor involvement of all stakeholders where appropriate.

The district and DTEA agree that giving teachers increased responsibility for sharing decisions fosters the collegial exchange of ideas necessary for effective professional practice and enhancement of the learning environment.

In support of shared decision making, each school shall develop procedures for shared decision making which legitimately engages administrators, teachers, support staff, parents and students where appropriate, in planning, gathering and analyzing data, proposing, implementing, and evaluating solutions, and making decisions in the best interest of the individual school. This procedure, which will enable decisions to be made at the level closest to implementation, is in an evolutionary process assuming greater definition through annual review and modification. Prior to the last Friday of September, the building/unit administrator shall convene a meeting for the annual review of the building's shared decision making plan. Shared decision making training for the building/unit shall commence at this same meeting, if not already in progress. When it is determined that modifications to the shared decision making plan are necessary, they shall be completed according to the building/unit time lines. These procedures will ensure that teachers shall be given the opportunity to participate in shared decisions which directly affect them. Note: Teachers who participate in shared decision making shall not be excluded from the definition of "teacher" under the contract. The principal or his or her designee shall provide his or her Executive Director and the Association representative from each building a current copy of the building's shared decision making model, which shall be forwarded to the DTEA office by the first Friday in October along with documentation of the mandatory annual review meeting.

Areas where teachers shall be given opportunities to participate shall include, but not be limited to, the following:

SCOPE:

1. Expenditures of funds available to the building.
2. Selection and mentoring of teaching staff.
3. Implementing curriculum and selection of instructional materials including textbooks for the school and the classroom.
4. Implementation of elementary planning time.
5. Building level professional development areas of focus taking into consideration student data, teacher needs, the school's unified improvement plan, school status, specialized programming and district-directed professional development initiatives.

Realizing that shared decision making requires additional resources for successful implementation, the school board is committed to the training of staff members in skills needed to work effectively and efficiently as a group (facilitation skills, group process, team building, consensus building, problem solving, conflict resolution, trust building and empowering others). Additional resources will also be used to support orientation and other information programs to promote understanding and successful implementation of shared decision making.

In support of shared decision making, the district and DTEA shall meet regularly to discuss building level implementation of shared decision making.

Discussion will include, but not be limited to, the following:

1. Providing assistance in the development and implementation of changes evolving from shared decision making in accordance with district policy, state and federal laws, and the Master Agreement.
2. Enabling further clarification and understanding of shared decision making.
3. Serve in an advisory capacity in the development, implementation and scheduling of training for shared decision making.
4. Replication of effective building-based shared decision making strategies.

Development and implementation of changes evolving from shared decision making shall be in accordance with district policy, state and federal laws, and the Master Agreement.

The district and the DTEA recognize the importance of the respective negotiating teams in the clarification and interpretation of the Master Agreement as it relates to shared decision making. Matters of interpretation and/or revision of the Master Agreement shall be referred to the IBS negotiations teams for joint study, response and appropriate action using the Interest Based Strategies process.

MEMORANDUM OF AGREEMENT

INDUCTION / LICENSURE

The district and the Association recognize that licensure is a state function. Licensure is the official recognition by the Colorado Department of Education that a teacher has met state mandated requirements and is approved to practice as a duly licensed teacher in the state.

The purpose of licensure is regulatory as per legislation. It encourages growth, self-analysis and self-assessment. The licensure process shall provide a safe, risk-taking environment and a collegial atmosphere for the teacher's professional development.

Induction programs are for the purpose of moving from an initial to a professional license or to change licenses. To progress from an initial to a professional license, the teacher inductee must complete the process of the district Induction Program or participate in alternative licensure programs, and meet other state requirements. The inductee has the opportunity to participate in the induction program while holding an initial license. An initial license is issued by CDE for a three-year period and may be renewed for an additional three-year period.

Teachers hired prior to November of each school year shall be enrolled in that school year's Induction Program. Teachers hired thereafter, will be enrolled in the following fall school year's program.

Each initially licensed teacher shall be provided an induction team that consists of a Supervisor, a district trained mentor and the district's Induction Coordinator. A representative of the Professional Development Department shall act as a resource to the team.

With the support of this team, all inductees work on progress towards their Educator Effectiveness Personal Goal. They also complete the two-year Induction requirements found in the Adams 12 Induction Program Guide. These requirements align with Educator Effectiveness Rubrics and are designed to facilitate the growth of new educational professionals.

Each inductee has the responsibility of submitting all forms, fees, and paperwork to the Colorado Department of Education for a professional license upon completion of the Adams 12 Induction Program.

Licensure procedures are separate and distinct from the summative evaluation (Article 14) and the summative evaluation(s) shall have no impact on the decision of the induction team to recommend professional licensure for the inductee. Information obtained through the induction process shall never be used for summative evaluation purposes. A satisfactory evaluation shall not be a prerequisite for obtaining a professional license.

The primary roles of the mentor are teacher, coach, advocate, guide, and nurturer of the inductee. The mentor shall be a district-trained mentor and be from the same location, when possible, and shall closely match the inductee in terms of assignment, when possible. Except for extraordinary circumstances mentors shall be assigned responsibility for no more than two (2) inductees.

Professional license renewal requires the completing of six semesters or nine quarter hours of credit through college or university course work, in-service, or other acceptable evidence activities (see CDE application). The teacher has the responsibility of submitting all forms, fees and paperwork to the Colorado Department of Education for a professional license.

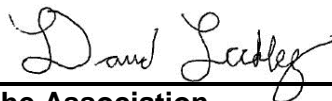

No teacher shall be required to obtain a master teacher license for any reason, including advancement on the salary schedule.

MEMORANDUM OF AGREEMENT

SPECIALS STAFFING

The District and Association have acknowledged the need to develop a process for elementary specials when reduction of full-time to less-than-full-time FTE is necessary due to budget and/or school enrollment. A committee initiated this work during the 2012-13 school year and developed staffing guidelines that were implemented in the 2013-14 school year. These guidelines resulted in supplemental funding allocations, or “backfill”, so that full-time non-probationary teachers then serving in elementary art, music, and physical education (P.E.). would remain 1.0 FTE in small and mid-sized elementary schools. Adjustments to these guidelines have been made periodically since then, given district resources, enrollment and school needs.

For the 2019-20 school year, elementary specials staffing allocations and the committee’s work shall be as follows:

- Monitor and evaluate the effectiveness of the non-discretionary school based budget elementary specials staff formula.
- Recommend what the ideal schedule and time allocation for a specials course would be to effectively deliver art, music and P.E. to full day kindergarteners.
- Examine the impact, cost, and feasibility of adding a fourth specials round in the area of technology.
- Consider the impact of full day kindergarten on the staffing allocation formula.

For the 2019-20 school year, schools shall:

- Implement the following non-discretionary school based budget elementary specials staffing allocation:

<u>Number of Sections</u>	<u>Allocation</u>
>24	Additional 1.0 FTE
21.5 – 23.5	Additional 0.5 FTE
18 – 21	1.0 FTE per content area (art, music, P.E.)
15 – 17.5	0.8 FTE per content area (art, music, P.E.)
<14.5	0.5 FTE per content area (art, music, P.E.)

- Discontinue the implementation of the Cherry Drive/Riverdale 1.0 FTE (0.5 Cherry Drive/0.5 Riverdale art, music and P.E.) split assignment due to increasing enrollment at Riverdale which prevents this pairing for the 2019-20 school year.
- Partner with other schools with 0.5 FTE to create full time employment opportunities whenever possible as a method to “explore other options for shared 1.0 FTE between sites.”
- Maintain the district standard work week for 0.8 FTE elementary specials staff as previously defined in 2018-19 where Monday, Tuesday, Thursday and Friday are considered the 32-hour work week schedule. In a building using the 0.8 FTE district standard work week, an additional period of relief time of no less than 15 minutes shall be scheduled on Wednesday (such as an

extra recess or library time). The intent of the additional period of relief on Wednesday is to ensure that staff and students have an adequate break time midday. To meet the unique need(s) of a school, exceptions may be made with agreement from all of the affected specials teacher(s), building administration, and the Association President or his/her designee on an annual basis.

- Continue the practice of staffing elementary specials based on the number of sections in a building including kindergarten, and staffed by content-endorsed specials teachers.
- Ensure 45 instructional minutes (or 25 instructional minutes for half-day kindergarten) for art, music and P.E. classes.
- Utilize any additional allocation for the addition of a fourth special, technology, as outlined in the Elevate Plan. The experience at these sites will inform the Specials Committee's recommendation for the feasibility of adding a fourth specials round in the area of technology at all elementary schools in future years.

The elementary specials staffing committee shall consist of the Chief Human Resources Officer, DTEA President, three teachers selected by the Association, and three principals selected by the district. The district and the Association may select a mutually agreed upon facilitator. This committee shall meet at least once each year and report to the IBS Negotiations Team annually. The district shall pay the cost for professional leave days for teachers serving on this committee.

This Memorandum of Agreement shall conclude August 31, 2021 unless otherwise extended by mutual agreement.

MEMORANDUM OF AGREEMENT

COMPENSATION STUDY COMMITTEE

The district and the Association agreed to form a committee to analyze teacher compensation systems beginning in the 2014-15 school year. The committee's purpose continues to be making recommendations to the IBS Team concerning compensation structures that will support recruitment and retention of world class staff. The committee's work in past years has led to a compensation package beginning in 2019-20 that includes the revision of the certified salary schedule, adjustments to the special service provider salary schedule maximums, and a commitment to continuing the certified compensation stipend as described in Article 20, holding the value of the compensation stipend at the 2018-19 level, as well as the creation of buyout options for the certified compensation stipend.

For the 2019-20 school year, the committee shall focus on the following tasks:

- Work to define a teacher-leader position description and compensation, including consideration of co-curricular, athletics, and other department leadership compensation.
- Conduct a market study regarding the newly created social emotional learning teacher on special assignment (SEL TOSA) position and determine the appropriate salary for this leadership position.*
- Research and make recommendation regarding the creation of an incentive for staff who serve at highly impacted schools.
- Research and make recommendation regarding removing the master's degree requirement on the certified salary schedule in recognition of alternative educational equivalents, such as district professional development or CTE accreditation.

The Compensation Study Committee shall consist of:

- A mutually agreed-upon facilitator(s), costs to be shared;
- The Chief Human Resources Officer and DTEA President serving as co-chairs;
- Five DTEA representatives selected by DTEA, representing diverse interests;
- Five district representatives selected by the district, representing diverse interests.

The committee shall utilize the interest based strategies process to complete its work.

The district and the Association may select diverse subject matter experts to assist in the various phases of this work. Expenses associated with use of subject matter experts shall be agreed upon between the district and the Association prior to engagement.

Recommendations of the committee shall be presented to the IBS Team on a periodic basis for consideration on these issues during the 2019-20 negotiations sessions. It is anticipated that this work may span multiple school years.

*For the 2019-20 school year, special service providers (SSP) who transfer into the SEL TOSA position will remain at their current salary level (including any steps or lanes awarded). These salaries may be adjusted in the 2020-21 school year to match the SEL TOSA salary.

This MOA shall conclude effective August 31, 2020 unless otherwise extended by mutual agreement.

STRATEGIC COMMUNICATION

Communication Protocol for Changes in Curriculum and Instructional Materials

The District and the Association are interested in using various strategies to improve communication when implementing changes in curriculum and instructional materials. The intent is to produce a communication tool that is efficient for use and is accessible for staff. We are committed to the following strategies:

1. "The Why" – Explanation of the decision to implement new curriculum or change existing curriculum. Examples: This decision is due to a change in state or federal law. We have compelling student achievement data that makes this decision important at this time. Teachers have requested a change in the materials and/or support structures. Content standards have changed. A change in District or Board of Education policy is prompting this curricular decision.
2. What are the desired outcomes associated with the decision?
3. Who are the decision makers and how were teachers selected and represented throughout the process?
4. Share "key" time lines, pacing, explanation of expectations and feedback while providing teachers with opportunities to exercise professional judgment and time to see results.
5. Consider various supportive communication tools such as a blog, newsletter or a question and answer forum for timely feedback.
6. Inform stakeholders as to what process will be used to evaluate effectiveness of the change in curriculum and/or instructional materials.
7. Learning Services will communicate content areas that are being created or revised and grade levels impacted for the upcoming school year starting in the Spring of 2017.
8. Significant changes to units of study shall not be made more frequently than every three years unless one of the conditions in Item #1 (above) are present.
9. There is coordination between content areas with an interest in aligned curriculum that maximizes delivery of instruction.
10. Revisions or updates are summarized and shared at the time of distribution.
11. DTEA President and Chief Academic Officer will meet periodically or as needed during the school year to monitor progress.
