

TEMPORARY PROCEDURE FOR DISTRICT POLICIES 4310 and 5440
COMMUNICABLE DISEASES – STAFF
COMMUNICABLE DISEASES - STUDENTS

The safety of our students and staff is paramount. For this reason, we have established this temporary procedure to address the unique circumstances and challenges presented by the Coronavirus Disease 2019 (COVID-19).

In addition to this temporary procedure, District policies continue to apply, including but not limited to Policies 4310 and 5440. The District has also implemented a Pandemic Incident Response Plan.

The District is working closely with state and local public health agencies to monitor the COVID-19 pandemic and its implications for our students, staff and community members, including Tri-County Public Health Department, Broomfield Public Health and Environment, and the Colorado Department of Public Health and Environment (CDPHE). The Superintendent has designated the District's Chief Operations Officer (COO-Pat Hamilton), the COVID Response Coordinator (Betsy Miller), and the Emergency Preparedness Coordinator (Angelica Wineland) to serve as Workplace Coordinators. The COO shall lead the efforts of the Workplace Coordinators and the COO is authorized to appoint other Workplace Coordinators as needed. The District's COO is responsible for establishing guidelines and protocols to address COVID-19, in coordination with state and local public health agencies, such as:

- Requiring the wearing of face coverings for students, staff and visitors when on school or District property and in common areas.
- Creating a standard intake form for use by staff and students to report to the District whenever they have received a positive COVID-19 test.
- Establishing sickness protocols for staff and students who exhibit COVID-like symptoms during the school day, to minimize the risk of transmission.
- Emphasizing that those who are sick should stay home.

The COO is authorized to revise, clarify, and enforce this procedure and related District protocols/guidelines as federal, state and local authorities continue to issue guidance and orders on the numerous issues raised by the COVID-19 pandemic. Students, parents and staff will be informed of any updates to District protocols/guidelines regarding COVID-19.
