

INTERNATIONAL EXCHANGE STUDENTS

- 1.0 **General.** The District is committed to allowing the admission of a limited number of international exchange students to the regular education programs offered in the District's high schools. However, to protect the interests of the District, its schools and students, the only international exchange students who shall be admitted are students from District-approved international exchange programs
 - 1.1 International exchange organizations are approved by the District. District approval must be obtained prior to seeking the admission of any international exchange student to a District school.
 - 1.2 International exchange students associated with District-approved exchange programs shall be considered wards of the families with whom they reside.
 - 1.3 This policy shall apply to non-immigrant students from other countries who are temporarily residing in Adams 12 Five Star Schools without their parents/legal guardians for the purpose of attending school. These students are those that would qualify for a J-1 visa. This policy shall not apply to resident aliens, political exiles or students from other countries residing in Adams 12 Five Star Schools with their parents/legal guardians. Students in the United States on a visitor visa are not entitled to enroll in Adams 12 Five Star Schools.
- 2.0 **Sponsoring Organizations.** All sponsoring exchange organizations must adhere to the District application procedure and complete the required forms, which may be obtained from the Schools of Choice/Enrollment Office. All programs are subject to district review and approval.
 - 2.1 All sponsoring exchange organizations meet the following minimum requirements in order to be considered for approval by Adams 12 Five Star Schools:
 - 2.1.1 The program must be approved by and in good standing with the Council for Standards for International Educational Travel (CSIET). Adams County civic organizations may be exempt from being approved by CSIET but must comply with all other requirements for international exchange organizations.
 - 2.1.2 The program must have a local representative who resides within the greater metropolitan Denver area and who will meet with school personnel, the student and the host family on a regular basis.
 - 2.1.3 The exchange organization must provide outbound exchange opportunities for American students just as it provides inbound exchange opportunities for students from other countries. The local representative must supply each high school with literature about its outbound programs and offer to talk with interested students about those programs.
 - 2.1.4 Orientation, both pre-departure and upon arrival in the United States, must be provided to help international exchange students adjust to a new culture and, perhaps, language. Ongoing contact and support from the local representative of the exchange organization must also be provided.
 - 2.1.5 Orientation must be provided to the host family in advance of the international exchange student's arrival. The family should be acquainted with the needs and

requirements of housing a visitor for a long period of time, advised of potential problems in hosting an exchange student, and provided with suggestions for coping with these problems. Ongoing contact and support from the local representative of the exchange organization must also be provided.

- 2.2 **Timelines.** An international exchange student agency may request permission to submit student applications directly to District high schools using the following procedures:
 - 2.2.1 An Adams 12 International Exchange Organization Application (Form A) must be completed and filed with superintendent's designee between September 1 and October 15 of the school year prior to placement of exchange students.
 - 2.2.2 Once a sponsoring agency is approved to submit student applications to schools the agency will remain on the list of approved agencies unless there is cause to remove agency for not following the expectations outlined in this policy.
- 3.0 The following procedures are established for the regulation of international exchange students:
 - 3.1 Individual building administrators shall establish yearly numbers, not to exceed four, and guidelines for international exchange students, deadlines for placement, for receipt of files and special course requirements as they deem necessary.
- 4.0 **Exchange Students.** All international exchange students must meet the following minimum requirements in order to be considered for approval by Adams 12 Five Star Schools:
 - 4.1 International exchange students must obtain a student visa. Adams 12 Five Star Schools does not issue I-20 forms.

 - 4.5 The student must reside with a legal adult resident of Adams 12 Five Star Schools. Every effort should be made to place international exchange students with host families where one or more students from that family attend the same school the exchange student will attend.
 - 4.6 International exchange students who are not sufficiently proficient in the English language to participate in the regular high school curriculum shall be considered for inclusion in the District's English Language Learner program on the same basis as any other student enrolled in the District.
