

NAMING OF FACILITIES

- 1.0 The name selection process for a newly-constructed or newly-purchased school shall include a wide range of the attendance area community associated with the school, including students, staff, parents, and community members.
 - 1.1 The District School Improvement Team, or a school-specific group identified by the Superintendent at the beginning of the name selection process, shall review all suggested names and submit a list of not less than three recommended names to the Superintendent.
 - 1.2 The Superintendent shall approve one name, or approve several names and delegate the final decision to the District School Improvement Team or the designated group subject to any procedures or conditions the Superintendent deems appropriate.
- 2.0 Facility names for school buildings shall not be the:
 - 2.1 name of a community, city or subdivision within which the facility is located.
 - 2.2 same name as another public school in the metro-Denver area.
 - 2.3 name of an individual, whether deceased or now living, except for facilities named for an individual prior to adoption of this policy.
- 3.0 Naming of non-school facilities, or portions of a school or non-school facility (e.g., gymnasium, auditorium, classroom, etc.), shall proceed in such manner deemed appropriate by the Superintendent, including but not limited to the naming process for corporate sponsors described in District Policy 3350; a community-based process; or naming by the Superintendent.
