

HIGH SCHOOL INVESTMENT PLAN

Ballot Issue 5C and Amendment 73 Funding Proposal

We are so proud of the accomplishments of our students, including growing the number of industry standard certifications earned by over 300 percent in just one year. Despite this growth, we were unable to serve nearly 400 students who applied to attend our Career and Technical Education (CTE) programs due to limited resources. With more CTE teachers and courses we will be able to meet the needs of more students as well as meet the needs of the workforce in our state.

- Janet Renden, Bollman Technical Education Center Principal
