Notice of Intent to be a Candidate

1. Tell us about yourself and your connection to the Adams 12 Five Star School District.

- Currently serving as Director 4 for the Adams 12 Board of Education.
- Parent of three boys, all who are either in or have graduated from the Adams 12 School District.
- Married for 24 years and reside in Thornton for most of my married life.
- My community involvement has consisted of: Thornton High School IB Parents Group Board member, flag football and soccer coach, Thornton Citizen Police Academy, Thornton Water Ambassador, Northglenn United Methodist Church IT/Video/Photo assistant, Board Member for our Burgundy HOA community and a Denver-north photographer for the Rocky Mountain Cocker Rescue.

2. What are your goals as a member of the Board of Education?

- As a school board member I would advocate for the students but also offer insight and guidance with the district challenges.
- Some specific goals are:
 - Create an open communication channel between the district administration and the parents.
 - Engage with parents so they can assist in the success of the district
 - Create a sense of community between the businesses that exist in our district and our schools.

3. What do you think will be the top issue facing Adams 12 Five Star Schools in five years? How would you propose to address it?

- Top issues: parent/community involvement, funding, school over-crowding
- Initially it is important to have a clear message to the parents of Adams 12 students. This message is to explain that success happens with more involvement. Advocate for your kids. Advocating takes many shapes. But the foundation is to have more involvement.

4. What is your vision for Adams 12 Five Star Schools and how would you support this as a member of the Board?

- My vision is to continue to build a first class school district by advocating for our children in our schools; to build school and district pride that our communities deserve so that parents, community members and businesses can experience the rewards from enriching our future generation.
- My goal to continue with the positive district momentum
- Reward positive behaviors
- Advocate for students, parents, teachers and the community that it serves.
