

Job Title: **Construction Project Manager**
 Job Family: **Non-Certified**
 Pay Program: **Administrative**
 Prepared/Revised Date: **October 2016**

Job Code: **4090**
 FLSA Status: **Exempt - A**
 Pay Range: **L 10**
 Work Year: **12 months**

SUMMARY: Manage the design and construction activities of new construction and construction renovation projects within the district. Gather and review data concerning facility or equipment specifications and plan, budget and schedule facilities modifications including estimates; bid documents; layouts; selection of architect, engineers, contractors and other professionals; and contract management. Collaborate with the Facilities Planning department and district leadership to ensure successful project completion.

ESSENTIAL DUTIES AND RESPONSIBILITIES: *To perform this job successfully, an individual must be able to perform each essential duty satisfactorily. The requirements listed below are representative of the knowledge, skill, and/or ability required. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.*

Job Tasks Descriptions	Frequency	% of Time
1. Coordinate and interface with a varied customer base to meet and satisfy their need through positive relationships. Provide leadership to the construction projects team and exhibit behavior consistent with district goals by demonstrating the ability to effectively manage conflict and disagreements and develop procedures and techniques for resolution.	D	20%
2. Negotiate multiple deadlines and resource and budget constraints with clients, managers, consultants and contractors through proactive approaches to meet project objectives. Schedule and coordinate project team meetings.	D	10%
3. Negotiate contracts for equipment and professional services using quality, quantity, specification requirements and other predetermined factors.	W	10%
4. Inspect the construction and installation progress to ensure compliance with established criteria such as code, specifications and plans.	W	10%
5. Create and review schedules for detailed considerations of all activities needed to be completed within the project. Control the design and construction process by measuring progress towards the goal and objectives and take corrective steps to achieve or exceed the same. Minimize "scope creep" by identifying a clear project scope and budget and adhering to the approved program.	W	10%
6. Insure throughout design, bidding and construction that quality is not compromised at any point within the process. Champion adequate avenues for quality assurance at each point necessary within the project for a high performing facility.	W	10%
7. Prepare reports required by management to draw comparisons between work expended and plan, to review project milestones and to provide project projections with customers and management for decision making purposes.	W	10%
8. Establish and manage project budgets through cost estimating relationships with contracted engineers, historical costs, estimating manuals and contractor bids and proposals. Monitor budget cost control through established policies, procedures and techniques to measure resources consumed, project status and milestones and compare measurements to projections. Review and authorize payments from project accounts.	W	16%
9. Perform other duties as assigned.	Ongoing	4%

EDUCATION AND RELATED WORK EXPERIENCE:

- Bachelor's degree with a major in project or construction management, business administration or related field.
- Three (3) years of experience required in project or construction management. Seven (7) years preferred.
- At least one year of experience with scheduling software.

LICENSES, REGISTRATIONS or CERTIFICATIONS:

- Valid Colorado driver's license and qualified to drive district owned vehicles.
- Criminal background check required for hire.
- Ability to frequently travel among district facilities and into the community.

TECHNICAL SKILLS, KNOWLEDGE & ABILITIES:

- Good oral and written communication, interpersonal skills, situational negotiation and conflict management skills.
- Understanding of accounting principles and demonstrated working knowledge of accounting reports.
- Ability to effectively manage project budgets, schedules and correspondence.
- Ability to keep up-to-date technically and apply new knowledge to your job. Includes adapting to and mastering new system applications and processes as implemented by the district or department.
- Ability to promote and follow Board of Education policies, District policies, building and department procedures.
- Ability to communicate, interact and work effectively and cooperatively with all people, including those from diverse ethnic and educational backgrounds. Willingness to contribute to cultural diversity for educational enrichment.
- Ability to recognize the importance of safety in the workplace, follow safety rules, practice safe work habits, utilize appropriate safety equipment and report unsafe conditions to the appropriate administrator.

MATERIALS AND EQUIPMENT OPERATING KNOWLEDGE:

- Operating knowledge of and experience with personal computers and peripherals.
- Operating knowledge of and experience with Microsoft Office software
- Operating knowledge of district information technology systems and any other department specific software and equipment required within 2 months after entering position.
- Operating knowledge of scheduling software.
