

Colorado PERA Benefits AT A GLANCE

This publication does not reflect changes passed in Senate Bill 18-200 (SB 200). Please visit the "Legislation" page on www.copera.org for a comprehensive summary of the bill.

Colorado PERA provides benefits to you when you retire or are disabled, or to your survivors after your death. As a PERA member, you may also take advantage of a variety of voluntary PERA programs.

CONTRIBUTIONS

- » Your 8 percent contributions (10 percent if you are a State Trooper or CBI Agent) to your PERA member contribution account are tax-deferred, which means they reduce your federal and state income taxes.
- » Your contributions are invested on your behalf. Contributions are invested in common stocks of top-rated companies, corporate bonds, U.S. Treasury and other government securities, mortgages, real estate property, and other investment vehicles. These investment earnings are used to fund the monthly retirement benefits paid by PERA.
- » You also earn tax-deferred interest on your member contributions. The rate is set by the PERA Board and is subject to change annually. The current interest rate is 3 percent compounded annually. The accumulated interest will be paid to you if you decide to refund your account rather than receive a monthly retirement benefit.

RETIREMENT BENEFITS

- » When you reach retirement eligibility, you may begin receiving a lifetime monthly retirement benefit based on your age, years of service, and your Highest Average Salary (HAS). Depending on the benefit option you choose at retirement, a lifetime monthly benefit may also be provided to a cobeneficiary following your death. See the *Your PERA Benefits* booklet for more information.
- » You can increase your retirement benefit by purchasing service credit based on a previously refunded account and/or employment not covered by PERA or another retirement program.
- » After retirement, you may be eligible for annual increases to your monthly retirement benefit.

ENDING PERA-COVERED EMPLOYMENT BEFORE RETIREMENT

- » If you leave PERA employment, you can refund your account or leave your account at PERA and receive a lifetime monthly benefit when you are eligible for retirement (see "Retirement Benefits").
- » Under the PERA benefit structure:
 - If you are eligible for retirement, but elect to refund your account, you will receive a matching amount equal to 100 percent of your contributions and interest.
 - If you are not eligible for retirement and have five years of earned service credit, but elect to refund your account, you will receive a matching amount equal to 50 percent of your contributions and interest.
 - If you are not eligible for retirement and do not have five years of earned service credit, but elect to refund your account, you will only receive a 50 percent match on your contributions and interest made prior to January 1, 2011.
- » Under the Denver Public Schools (DPS) benefit structure, if you are eligible for retirement, but elect to refund your account, you will receive a matching amount equal to 100 percent of your contributions and interest if you terminated employment on or after January 1, 2001, and you have five or more years of service credit; otherwise no match will be included.
