

## BOARD POLICY

### ENDS 1.3 VALUE

Monitoring: Internal. Frequency: Annually – May.

Adopted: January 18, 2005.

Revised: November 29, 2010.

---

The educational value provided to students who are served by Adams 12 Five Star Schools shall be reasonable compared to the costs of the resources used to provide that education.

- The value added by educating school-age children and young adults and graduating them shall be reasonable compared to the costs expended annually toward those ends.
  - The Colorado School District Performance Framework scores-to-cost ratio shall improve annually 1) compared to the previous year and 2) compared to similar school districts. This ratio is the combined total of all points earned by the District on the District's performance framework divided by District operating fund expenditures during the same year.
